No. 580 of 1901.

From

THE STATE KARBHARI of MIRAJ (senior),

To

THE POLITICAL AGENT,

Kolhapur and S. M. Country.

*Miraj, 15th July 1901.*

Sir,

I have the honour, by direction of the Chief, to submit the Annual Administration Report of the State for the year ending 31st May 1901.

Nos. I to XVII. 2. The usual statements as per margin accompany.

---

## CHAPTER I.

### *Political.*

3. The relation between the British Government and the Chief has continued to be cordial as before.

4. The Chief went up to Mahableshwar on the 24th of March and returned on the 31st of May 1901.

*Changes in the Administration.*

5. No change worth noticing took place this year in the Administration of the State.

---

## CHAPTER II.

*Administration of the Land.*

Survey and Settlement.

6. All the villages in the State were surveyed and assessed by Government Survey Department in 1867-68. Some villages, namely Lingnoor, Dahivadi, Wagholi, Kusbavade, Narwad and Kavathe Guland belonging to the Sub–Saranjamdars of the State were surveyed and classified by the Government Survey Department; but they are not as yet assessed. Villages Rople-khurd and Ghatne belonging to the Sub–Saranjamdars are not as yet surveyed. There are no complaints as regards the rates.

Waste Land.

7. The following comparative statement will give particulars as to the arable waste land in the State :—

## CHAPTER III.

*Protection.*

Legislation.

12. The new Acts which were made applicable to the State during the year under report are as follows:—

(1) The Indian Post-office Act No. VI of 1898.

(2) The Indian Telegraph Act No. XIII of 1885.

Military Force.

13. There is no Military Force in the State.

Police.

14. The strength of the Police Force was 234 against 238 of the last year. The proportion of the Police to population is 1 to 348·1 and that to area is 1 to 1·4 square miles.

15. Appendix VI will show the strength, cost, discipline and education of the Police.

Village Police.

16. There were in all 124 Village Police against the same number of the last year. The cost was Rs. 2,406-1-2 against Rs. 2,262-14-4 of the previous year.

17. Appendix VII will show the working of the Police. The total number of offences reported to the Police was 162 against 119 in the preceding year. Deducting from the figure of 162, 11 cases in which no offence was found to have been committed and 24 cases, which remained with the Police towards the end of the year pending investigation, there remained 127 cases of actual crimes. The number of persons arrested during the year under report was 229 against 243 of the last year. Out of the 229 persons arrested, 4 were discharged by the Police on finding that they have committed no offence. Of the remaining, 160 were convicted, 50 were acquitted or discharged by the Sessions Court and Magistrates and 15 remained under trial at the close of the year. The 4 persons discharged by the Police were implicated in some of the 11 cases, in which no offence was found to have been committed. The average period, an accused person was detained in custody before trial, was ·78 day.

18. In a short time a Fouzdar of the state will be sent to Belgaum to learn how to take fingure tip impressions of the criminals and when that officer returns from Belgaum the Chief is thinking of making arrangements for introducing the system in the state.

19. Appendices VIII and IX will show the value of the property stolen as well as that of the recovered, and the number of crimes committed, the number of cases disposed of &c., during the year.

Criminal Justice.

20. The details of the work done by the District Magistrate and the three classes of Magistrates will be found in Appendix X. 19 accused persons remained under trial at the close of the year.

Sessions Court.

21. There were in all 7 Sessions cases disposed of during the year. Of these 4 were the balance of the last year and 3 were committed during the year under report. Out of the seven cases 4 were tried by the Chief and 3 by the State Karbhari, the powers of the Sessions Judge having been specially delegated to him for the trial of those cases only. The number of the accused persons involved in the 4 cases tried by the Chief was 45 of whom 16 were convicted and 29 acquitted. The number of the accused persons in

the 3 cases tried by the State Karbhari was 10 of whom 7 were convicted and 3 acquitted. The total number of the accused remained under trial at the close of the last year was 11 and that committed during the year was 44.

Appellate Court.

22. Appendix XI shows the results of appeals against the decisions passed by the Criminal Courts. In 8 appeals out of the 10 filed during the year, the sentences passed by the Lower Courts were confirmed, in one it was modified and in one the sentence was reversed.

Accidental deaths.

23. There were 43 accidental deaths and 2 suicides during the year under report as against 28 accidental deaths and 6 suicides of the last year.

Extradition.

24. On requisition of the British Government 7 persons were made over by the State for trial during the year under report, while 2 persons were made over to the State by the British Government.

Prisons.

25. There is a Central Jail at Miraj in charge of the Medical Officer. There are two Sub-jails — one at Lakshmeshwar and the other at Modnimb. They are sufficient for the requirements of the State. The details under this head will be found in Appendix XII.

26. The number of admissions of re-convicted persons was 31.

27. Two prisoners were punished for breach of the Jail discipline. One under trial prisoner escaped from the Miraj Jail. The police are still in his search. The conduct of the rest of the prisoners was good.

28. In commemoration of the success to the British Arms in the South African War the Chief was pleased to release one female prisoner. One male prisoner, who being suffering from consumption was on the point of death, was also liberated during the year by the Chief on a certificate from the Medical Officer that his recovery had been almost beyond hope.

29. Out of the 263 prisoners, 40 suffered from ordinary fever, ague, colic &c. Of the number suffered 2 died and 38 recovered. The health of the rest was good during the year.

30. When the part of the town where jail is situate was found to be infected by plague, it was thought advisable to inoculate the occupants of the prison. This produced the desired effect and none of the prisoners were attacked by plague.

31. The expenditure during the year was Rs. 7,412-5-11 against Rs. 5,475-5-1 of the last year, the average charge per head being Rs. 67-6-1.

32. The Miraj Jail was visited by Major J. Davies, the Assistant Political Agent S. M. Country on the 26th of January 1901 and he expressed his satisfaction as regards the arrangements in the Jail.

Civil Justice.

33. Appendices XIII. and XIV. will give the necessary information as regards the Civil work done by the Courts of the first instance.

43. The Miraj Municipality continues under the direct supervision of the State. This year it was able to maintain itself without asking for any loan from the State.

## CHAPTER IV.

*Production and Distribution.*

Agricultural Stock.

44. Appendix XVI will show the Agricultural stock in the State during the year of report. During the current year the number of cattle was less than that in the preceding year. The decrees was due to the effects of famine of the last year. The Agricultural products of the State are principally Jowari, Bajri, Tur, Tobacco, Cotton,Coarse-sugar, Gram, Wheat and Rice in small quantity in the Modnimb Taluka.

Weather and Crops.

45. The rainfall during the months from June to October, (both inclusive) is useful for agricultural purposes. The following statement will show the rainfall in the State during the said months during the year under report as compared with that of the preceding year:—

| Months. | Miraj | | Laxmeshwar. | | Modnimb. | | Total. | |
|---|---|---|---|---|---|---|---|---|
| | 1899. | 1900. | 1899. | 1900. | 1899. | 1900. | 1899. | 1900. |
| June ... ... ... | 2.57 | 3.46 | 1.56 | 1.85 | 2.90 | 4.75 | 7.03 | 10.6 |
| July ... ... ... | 1.26 | 3.93 | .63 | 3.25 | .60 | 2.30 | 2.49 | 9.48 |
| August ... ... ... | .50 | 5.67 | .2 | 1.75 | 2.20 | 2.5 | 2.72 | 9.47 |
| September ... ... ... | 3.84 | 2.70 | 5.6 | 1.10 | 8.15 | 1.70 | 17.5 | 5.50 |
| October ... ... ... | .14 | 2.18 | .2 | 2.64 | ..... | ..... | .16 | 4.82 |
| Total... | 8.31 | 17.94 | 7.29 | 10.59 | 13.85 | 10.80 | 29.45 | 39.33 |

46. From the above it will be seen that the fall of rain though greater than that in the preceding year in the Miràj and Laxmeshwar Talukas was not sufficient. The fall in the Modnimb Taluka was even less than that in the preceding year. At the commencement of the monsoon there being a good fall of rain throughout the State, the sowing-operations of Kharip crops were duly completed. The crops were in a good condition until the month of August 1900, but afterwards for want of timely showers they suffered considerably and did not yield as much harvest as had been expected. However the lands on the banks of the Krishna and some Bagait (garden) lands yielded good crops. The average yield of the crops in the Miraj Taluka being ten annas in a rupee; while in the Laxmeshwar and Modnimb Talukas the average yield was not more than three annas in a rupee. Cotton and wheat crops suffered much in the Laxmeshwar Taluka. Thus though there had been no actual famine still there was a scarcity throughout the greater part of the State during the year.

**Supply of grain and fodder.**

47. The stocks in hand of grain and fodder being scanty at the beginning of the year, the prices of food grains and fodder were very high till the end of October, but since then the stocks increased and the prices have fallen down. The new supply of grain was imported and though dear grain was available. As to fodder there was no scarcity at all.

**Measures of relief adopted.**

48. The relief works of the last year were continued till the end of September 1900. The total cost of the relief works was Rs. 17,563-3-9. Gratuitous relief to the amount of Rs. 2,278-4-0 was also granted to such persons as were unable to work and to children. When the works were closed the number of labourers working daily was 831 only. Special Takvi advances were made to agriculturists to enable them to improve their lands, to purchase seeds and fodder and for other similar purposes. Rs. 17,004–0–0 were advanced as Takavi. The nature of the relief works was repairing roads, improving lands &c. From October till the end of the year though actual relief works were not opened, still the State was ready to give employment to those who actually stood in need of it. With that object in view works of repairing roads &c. have been specially started on a large scale in all the Talukas.

**Water Supply.**

49. There was no general scarcity of water in the State. In some villages of the Modnimb and Miraj Talukas the water supply was scanty and hence it was increased by deepening the wells thereof.

**Land Revenue.**

50. Almost all the cultivators paid both the instalments of the land revenue without any difficulty. The work of recovering the arrears of the second instalment will be done leniently regard being had to the existence of scarcity.

**Effects.**

51. There was no real distress still the scarcity was severely felt by the people as it just followed the famin of the last year. There was no death from starvation. Cattle did not suffer for want

fodder.

52. There has been a considerable delay in the advent of the regular monsoon and hence the sowing of early crops has been retarded to a great extent.

Prospects.

53. The following table shows the rain-fall of each of the three Talukas during the year as compared with that of the preceding year:—

Rain-fall.

| Talukas. | 1899-00. | | 1900-01. | |
|---|---|---|---|---|
| | Inches. | Cents. | Inches. | Cents. |

| Lakshmeshwar... ... | 12 | 39 | 11 | 88 |
| Modnimb ... ... | 16 | 25 | 12 | 45 |

54. The rates of wages were low owing to the scarcity during the current year and the famine of the last year. The daily wages of the unskilled and skilled labourers varied from annas 2 to 3 and from annas 8 to 10 respectively.

Wages and Labour.

55. The following is a contrasted table of average prices of food grains :—

| Total... | | 20,806 9 3 |

Alienation Cases.

63. Out of 72 alienation cases 16 have been decided during the year under report.

# CHAPTER VI.

*Vital Statistics and Medical Relief.*

Dispensaries.

64. There are three Charitable Dispensaries in the State. Their cost was Rs. 9,458-6-4, against Rs. 9,091-0-9 of the last year.

65. The total number of operations performed during the year was 875 against 616 of the last year.

66. The following table shows the amount of medical relief afforded to the sick in all the dispensaries during the year :—

| Name of Dispensary. | Number of patients treated. | | Results. | | | | Expenditure. | Daily average. |
|---|---|---|---|---|---|---|---|---|
| | Indoor. | Outdoor. | Discharged. | Absented. | Died. | Remaining. | | |

Births and Deaths.

67. The following is a contrasted table of births and deaths :—

| | 1899-00 | 1900-01 | Increase. | Decrease. |
|---|---|---|---|---|
| Births ... ... ... | 2,503 | 1,532 | ..... | 971 |
| Deaths... ... ... | 2,861 | 4,550 | 1,689 | ..... |

68. The increase and decrease in the above table may be attributed to the prevalence of plague and cholera and to the scarcity during the year under report.

Epidemic. (1) Cholera.

69. Cholera broke out in all the Talukas of the State during the year. Precautionary measures were timely taken. There were in all 1,303 attacks and 646 deaths from cholera.

(2) Plague.

Plague also broke out in the town of Miraj and in Malgaon a village of the Miraj Taluka during the year of report and it is still lingering there. At the commencement of the year there was no sign of plague throughout the State and therefore no preventive measures were taken. But when plague broke out at Poona and Belgaum Medical inspection of the passengers, coming from those places was commenced. Other precautionary measures were also adopted. But not-withstanding all these, the plague did appear in the Miraj town and thence the infection was taken to Malgaon.

When the plague did actually break out no special preventive measures were adopted. The people were however advised to vacate their houses and to live in open fields. Most of them acted accordingly. Medical aid was also promptly given to those who wished to avail themselves of it. The plague patients who had none to look after them were taken care of and treated by the State.

The following table shows the infected places, the nnmber of attacks and deaths, the percentage of deaths to attacks &c. from plague during the year of report:—

| No. | Name of Taluka. | Names of infected towns and villages. | Date of first case of plague. | Date of last case of plague. | No. of attacks. | No. of deaths. | Percentage of deaths to attacks. | Remarks. |
|---|---|---|---|---|---|---|---|---|
| 1 | Miraj. | Miraj. | 14-12-1900 | ..... | 1,224 | 811 | 62·2 | The percentage of the cured to the attacked was 33·8 |
| | | Malgaon. | 21-3-1901 | ..... | 190 | 126 | 66·3 | |
| | | | | | 1,414 | 937 | | |

Provision was made for those who showed their willingness for getting themselves inoculated. Thus 86 persons were inoculated and no plague case is known to have accurred amongst them.

A sum of Rs. 406-12-1 was spent on plague operations, the whole amount being borne out by the Miraj Municipality.

Vaccination.

70. The following table shows the work done by the Vaccination Department:—

| Operation, by whom performed. | Number of persons vaccinated in 1899-00. | Number of persons vaccinated in 1900-01. | Result. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1899-00. | 1900-01. | 1899-00. | 1900-01. |
| Miraj Vaccinator ... ... ... ... | 1,485 | 1,298 | 1,465 | 1,277 | 20 | 21 |
| Lakshmeshwar Vaccinator ... ... ... | 539 | 472 | 537 | 467 | 2 | 5 |
| Modnimb Vaccinator ... ... ... ... | 353 | 400 | 351 | 396 | 2 | 4 |
| Total ... | 2,377 | 2,170 | 2,353 | 2,140 | 24 | 30 |

71. Besides the total number of primary vaccination shown above, the number of re-vaccination was 128.

72. The expenditure on account of this department was Rs 1010-12-5 against Rs 1021-15-5 of the last year.

73. The Sanitary arrangements were carefully attended to in all the Municipal towns and other villages in the State during the year.

## CHAPTER VII.

*Instruction.*

Number of Schools and Scholars.

74. There are 39 schools in all including one Sanskrit school newly opened at Miraj during the year under report; but the number of schools of all descriptions at the close of the year under report was only 28 against 35 of the last year, as 11 schools were required to be closed— one at Mole, a village of the Miraj Taluka for want of boys and others owing to the outbreak of plague in the town of Miraj. The three schools at Shigli a village of the Laxmeshwar Taluka which remained closed at the end of the last year owing to the prevalance of plague there, were opened during the year, when the village was declared free from plague. The attendance at the schools, that were open at the close of the year, was 1,314 against 2,002 of the preceding year. The decrease was obviously due to the decreas of schools in the year under report.

75. The following statement will show the description of the schools closed, the number of scholars in each on the day they were closed and the daily average attendance during the period they were open:—

| No. | Description of Schools. | The date on which the school was closed. | The period during which it was open. | Number of pupils on the rolls on. | | Daily average attendance. |

76. The following table will show the description of schools, the number of scholars and the average daily attendance:—

Description of Schools.

| No. | Description of Schools. | Number of Pupils on the rolls on. | | Daily average attendance. |
|---|---|---|---|---|
| | | 31st March 1900. | 31st March 1901. | |

| 1 | Aided Vernacular School ... ... | 18 | 18 | 11.8 |
| 28 | Total... | 2,002 | 1,314 | 926.2 |

77. Besides the schools shown above, there were 5 unaided vernacular schools giving instruction to 93 pupils. Thus there are in all 33 schools providing instruction for 1,407 pupils, against 51 schools providing instrtction for 2,551 pupils. The percentage of pupils to population was, therefore, 1.7 against 2.8 of the last year.

78. The total expenditure on account of education was Rs 19,893-5-0 against 20,202-5-9 of the last year.

Expenditure.

*The Miraj High School.*

79. As the Educational Inspector S. D. could not extend his tour to Miraj during the examination season, the Head Master examined the school with the help of the Deputy Educational Inspector Miraj. The total number of boys presented for examination was 138 of whom 80 passed under all the heads giving a percentage of 58.6 passed to presented. The school sent up 8 candidates for the Matriculation Examination out of whom 5 passed against 5 sent up and one passed the last year.

80. There has been no change to record under this head, the number and value of scholarships remaining the same as last year. The Miraj Junior scholarships – 2 in number against the same as last year,–were held by two boys who were the subjects of that State. Out of the 6 scholarships of this State, 4 are for general competition and 2 for backward class.

Scholarships.

81. The number of Students attending the Drawing Classes on the day the High school was closed was 40 against 67 of the last year.

Drawing Classes.

82. Twenty one boys appeared for the First Grade Art Examination of whom 6 passed, while 3 appeared for the 2nd Grade, of whom one passed under all the heads. There was no Examination in drawing last year, the school having been closed for plague.

Gymnasium.

83. The School has a Gymnasium which was in good order and was availed of by the boys as usual during the period the school was open.

Vernacular Schools and Schools for low-castes.

84. The schools were duly examined this year and the results were found to be satisfactory.

## CHAPTER VIII.

*Miscellaneous.*

Census.

85. The following is a contrasted table of the statistics of the general census of 1901 in the three Talukas of the State.

| Talukas. | According to the general Census of 1891. | | | | According to the general Census of 1901. | | | | Increase. | Decrease. |
|---|---|---|---|---|---|---|---|---|---|---|
| | Inhabited houses. | Males. | Females. | Total. | Inhabited houses. | Males. | Females. | Total. | | |
| Miraj. | 9,976 | 28,205 | 27,787 | 55,992 | 9,027 | 25,400 | 24,516 | 49,916 | ... | 6,076 |
| Laxmeshwar. | 3,209 | 9,353 | 9,494 | 18,847 | 3,369 | 10,241 | 9,987 | 20,228 | 1,381 | ... |
| Modnimb. | 1,817 | 6,886 | 6,618 | 13,504 | 1,840 | 5,637 | 5,677 | 11,314 | ... | 2,190 |
| Total..... | 15,056 | 44,444 | 43,899 | 88,343 | 14,236 | 41,278 | 40,180 | 81,458 | 1,381 | 8,266 |

86. This shows a decrease of 7.7 percent. The population of the Miraj town according to the general Census of 1891 was 26,060, while that of 1901 comes to 18,424. The decrease of 6,076 souls appears, at first sight, to be striking, but it is due to the fact that at the time of the general Sensus of 1901 a great number of persons had gone to live outside the State limits owing to the prevalence of plague in the town of Miraj. It can also be said that the several visitations of famine, plague and other epidemics during the last ten years must have to some extent affected the results.

Record.

87. The State records are preserved under the supervision of the Huzur Record-keeper, while those of the Talukas are under that of the Mamlatdars, the rules for the systematic classification and preservation of Records being duly observed.

Printing Press.

88. There is a Printing Press maintained by the State for printing forms &c. required by the various offices of the State, and for miscellaneous work.

89. Every Taluka station has its own Library supported by the State grant and local subscription. There are also three reading-rooms-two in the Miraj Taluka and one in the Lakshmeshwar Taluka.

Libraries.

90. No change worthy of note took place under this head this year.

Post and Telegraph Offices.

91. In conclusion I am desired by the Chief to thank you and the Assistant Political Agent for the kind advice given in the administration of the State.

I have the honour to be,

Sir,

Your most obedient Servant,

G. K. AGASHE.

State Karbhari Miraj.

Through,

The Assistant Political Agent, S. M. Country.

41. The Miraj Municipality continues under the direct supervision of the State.

## CHAPTER IV.

### *Production and Distribution.*

Agricultural Stock.

42. Appendix XVI will show the Agricultural stock in the State during the year of report. The Agricultural products of the State are principally Jowari, Bajri, Tur, Tobacco, Cotton, Coarse-sugar, Gram, Wheat and Rice in small quantity in the Modnimb Taluka.

Rain-fall.

43. The following table will show the rain-fall of each Taluka during the year as compared with that of the preceding year:—

| Talukas. | 1900-01. | | 1901-02. | |
|---|---|---|---|---|
| | Inches. | Cents. | Inches. | Cents. |
| Miraj ... ... | 21 | 38 | 28 | 71 |
| Lakshmeshwar... ... | 11 | 88 | 21 | 14 |
| Modnimb ... ... | 12 | 45 | 25 | ... |

Weather and Crops.

44. From the table above it would be seen that the rainfall was greater during the year than that of the preceding year, but as it was not timely, it was insufficient for the agricultural purposes and consequently the condition of the crops was not as good as it was expected in the beginning of the monsoons. The average yield of crops in the Miraj Taluka was 4 annas, while that in the Laxmeshwar and Modnimb Talukas was 6 and 4 annas respectively in a rupee. At the time of sowing operations of cotton in the Laxmeshwar Taluka rain was sufficient but afterwards it was megre, and hence the out-turn of that crop was 6 annas only in a rupee. The wheat crop in the Laxmeshwar Taluka suffered from locasts while that of ground-nut in the Modnimb Taluka suffered from blight.

45. Work was provided for people, that required it, from June to November 1901, though no regular relief works were opened. The average number of such persons employed was 430 and their wages ranged from $\frac{3}{4}$ to 2 annas a day.

Wages and Labour.

46. The daily wages of the ordinary unskilled and skilled labourers ranged from annas 2 to 3 and from annas 8 to 12 respectively according to the nature of the work.

Prices of grains.

47. The following is a contrasted table of average prices of food grains :—

| | Miraj. | | Lakshmeshwar. | | Modnimb. | |
|---|---|---|---|---|---|---|
| | 1900-01. | 1901-02. | 1900-01. | 1901-02. | 1900-01. | 1901-02. |

Forest.

48. No new land has been assigned for the reserved forest during the year.

Trade and Manufacture.

49. No change worthy of notice took place under this head. The number of factories is 2—one at Miraj and the other at Laxmeshwar

Public Works.

50. The expenditure on the Public Works was Rs. 39,707-14-7 against Rs. 32,507-13-8. The following table shows the expenditure in details :—

| Items. | State Funds. | Local Funds. | Total. |

| Total... | | 21,901 2 9 |

Alienation Cases.

54. Out of 107 alienation cases 16 have been decided during the year under report.

Takavi.

55. Takavi advances to the amount of Rs. 4000-0-0 were made to the rayots for parchasing bullocks and fodder, repairing wells, improving lands &c.

## CHAPTER VI.

*Vital Statistics and Medical Relief.*

Dispensaries.

56. There are three Charitable Dispensaries in the State. The cost was Rs. 12,221-0-4, against Rs. 9,458-6-4 of the last year.

57. The total number of operations performed during the year was 920 against 875 of the last year.

58. The following table shows the amount of medical relief afforded to the sick in all the dispensaries during the year :—

| Name of Dispensary. | Number of patients treated. | | Results. | | | | Expenditure. | Daily average. |
|---|---|---|---|---|---|---|---|---|
| | Indoor. | Outdoor. | Discharged. | Absented. | Died. | Remaining. | | |
| | | | | | | | Rs.a. p | |
| Miraj ... ... ... | 25 | 19,972 | 13,803 | 5900 | 174 | 120 | 9,029 8 4 | 220.5 |

| Total... | 37 | 35,894 | 28,936 | 6599 | 194 | 202 | 12,221 0 4 | 357.14 |

59. The Miraj Dispensary was visited by Colonel W. B. Ferris, the Political Agent Kolhapur and S. M. Country who expressed his satisfaction as regards the working of the Dispensary.

Births and Deaths.

60. The following is a contrasted table of births and deaths :—

| | 1900-01 | 1901-02 | Increase. | Decrease. |
|---|---|---|---|---|
| Births ... ... ... | 1,532 | 1,478 | ..... | 54 |
| Deaths... ... ... | 4,550 | 7,577 | 3,027 | ..... |

61. The increase in the number of deaths is chiefly due to plague and partly to cholera.

Epidemic. (1) Cholera.

62. Cholera broke out in the Laxmeshwar Taluka during the year under report. Necessary steps were taken to prevent its progress. It disappeared in the month of June 1901. In all there were 297 attacks and 184 deaths.

(2) Small-pox.

63. Small-pox appeared only in some villages of the Miraj Taluka, but there was scarcely any fatal case amongst the persons attacked.

(3) Plague.

64. Plague raged to a very great extent in the Miraj and Laxmeshwar Talukas during the year under report. As stated in the last year's report the epidemic had almost disappeared by the end of that year and in the month of June the town was quite free from it for nearly a fortnight, and it was expected that it would not soon recur. But unfortunately at the end of June and in the beginning of the following month the disease began to spread again and by the end of August the whole town became infected A committee of volunteers belonging to all classes and from all parts of the town was formed. The work assigned to this committee was to report immidiately any imported plague case to the Plague Superintendant, to advise the people of the infected parts to vacate their houses and to go to live in the open fields and to get their houses thoroughly disinfected. As a preventive measure people coming from the infected places were kept under medical surveillance for ten days. Notwithstanding the scarcity of water many people went outside the town and lived there of their own accoad. Medical aid was promptly given to those who wished to have it. The plague patients who had none to look after them were taken care of and treated by the State.

65. The following table shows the infected places, the nnmber of attacks and deaths, the percentage of deaths to attacks &c. from plague during the year under report:—

| No. | Name of Taluka. | Names of infected towns and villages. | Date of first case of plague. | Date of last case of plague. | No. of attacks. | No. of deaths. | Percentage of deaths to attacks. | Remarks. |

| | | | | | 7,832 | 5,316 | | |

66. 236 persons were inoculated this year. No plague case is known to have occurred amongst them.

67. The expenditure on account of plague operations was Rs. 271-11-9 as against Rs. 406-12-1 of the last year. The whole amount was spent by the Miraj Municipality.

Vaccination.

68. The following table shows the work done by the Vaccination Department:—

| Operation, by whom performed. | Number of persons vaccinated in 1900-01. | Number of persons vaccinated in 1901-02. | Result. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |

| Total ... | 2,170 | 1,261 | 2,140 | 1,249 | 30 | 12 |

69. Besides the total number of primary vaccination shown above, the number of re-vaccination was 88.

70. The expenditure on account of this department was ~~Rs~~ 795-0-9 against ~~Rs~~ 1010-12-5 of the last year.

71. Sanitation of all the towns and villages of the State was properly looked after.

## CHAPTER VII.

*Instruction.*

Number of Schools and Scholars.

72. There are 39 schools in all; but the number of schools of all descriptions at the close of the year under report was only 30 against 28 of the last year as 9 schools were required to be closed— one at Mole ( a village of the Miraj Taluka ) for want of boys and the rest owing to the outbreak of plague. All the schools in the town of Miraj which remained closed at the end of the last year owing to the prevalance of plague there, were opened in the beginning of the year as the disease had greatly abated at that time. The attendance at the schools that were open at the close of the year was 1,521 against 1,314 of the preceding year. This small increase was due to the re-opening of the schools in the town of Miraj during the year.

73. The following table will show the description of the schools closed, the number of scholars in each on the day they were closed and the daily average attendance during the period they were open:—

| No. | Description of Schools. | The date on which the school was closed. | The period during which it was open. | Number of pupils on the rolls on. | | Daily average attendanec. |

| 30 | Total... | 1,314 | 1,521 | 1,071.3 |

75. Besides the schools shown above there were 11 unaided vernacular schools giving instruction to 352 pupils. Thus there were in all 41 schools providing instruction for 1,873 pupils, against 33 schools providing instrtction for 1,407 pupils. The percentage of pupils to population was, therefore, 2.2 against 1.7 of the last year.

76. The total expenditure on account of education was Rs 18,565-1-8 against Rs. 19,893-5-0 of the last year.

Expenditure.

*The Miraj High School.*

77. The Head Master of the school examined the school with the help of the Deputy Educational Inspector Miraj. The total number of boys presented for examination was 78 of whom 39 passed under all the heads giving a percentage of 50 passed to presented. The school sent up 7 candidates for the Matriculation Examination of whom 5 came out successful. The figures of the last year were 8 sent up and 5 passed.

78. There has been no change to record under this head, the number and value of scholarships remaining the same as last year. The Miraj Junior scholarships were 3 during the year against 2 of the last year and were held by 3 boys who were the subjects of that State. Out of the 6 scholarships of this State, 4 are for general competition and 2 for backward classes.

Scholarships.

79. The number attending the Drawing Classes at the close of the year was 46 against 40 of the last year. As the school remained closed from February to June owing to plague the examination in Drawing was not held.

Drawing Classes.

80. The School has a Gymnasium which was in good order and was well availed of by the boys as usual.

Gymnasium.

81. All the schools in the town of Miraj and Taluka excepting those that were closed owing to plague, and in the Modnimb Taluka were duly examined and the results were found to be pretty fair inspite of plague.

Vernacular Schools.

82. One girl from the girls' school at Miraj Miss. Tanubai daughter of Mr N. A. Vaingankar the Head Master of that school joined the Female High school, Poona, one of the 2 State scholarships of Rs. 10 each in that High school being awarded to her.

ON THE

# ADMINISTRATION

OF THE

# MIRAJ SENIOR STATE

FOR THE YEAR ENDING 31ST MAY 1903.

WITH

# APPENDICES.

MIRAJ

PRINTED AT THE
MIRAJ (SENIOR) STATE PRESS.

1903.

No. 473 of 1903.

From

THE STATE KARBHARI of MIRAJ ( SENIOR ),

To,

THE POLITICAL AGENT,

KOLHAPUR AND S. M. COUNTRY.

*Miraj, 10th July 1903.*

Sir,

I have the honour, by direction of the Chief, to submit the Annual Administration Report of the State for the year ending 31st May 1903.

Nos. I to XVII. 2. The usual statements as per margin accompany.

---

## CHAPTER I.

*Political.*

3. The relation between the British Government and the Chief has continued to be cordial as before.

4. The Chief was honoured with an invitation to attend the Grand Coronation Darbar at Delhi as a representative of the Chiefs and Jahagirdars of the S. M. Country. He left for Delhi on the 28th December 1902 and returned on the 14th of

January 1903. While there, His Imperial Majesty King Edward VII Emperor of India was graciously pleased to bestow upon him the distinguished title of a KNIGHT COMMANDER of the Order of the Indian Empire for which the Chief is highly grateful to the British throne.

(a.) In connection with the Grand Coronation Darbar held at Delhi all the offices and schools in the State were closed for 16 days from 24th December 1902 to 8th January 1903. On the 1st January 1903 Darbars were held at Miraj, Lakshmeshwar and Modnimb to which all the leading men of all castes and creed of the respective places were invited. The Darbar at Miraj was presided over by the State Karbhari and those at the Taluka towns were presided over by the Mamlatdars. Proclaimations, the copies of which were provided by the Political Agent Kolhapur and S. M. country, were read in Marathi, English and Canarese, and pan-supari was distributed before the conclusion of the Darbar. Food was given to the poor, and in the evening all the public and state buildings were illuminated. Sweetmeats and prizes were distributed among the boys and girls attending the State schools.

5 The marriage ceremony of the Chief's eldest daughter Bayakka Saheb was celebrated on the 5th of May 1903 with Shrimant Aba Saheb the only son of Shrimant Chintamanrao Bhausaheb Inamdar of Baroda.

6 The Chief was not able to go to Mahableshwar this year owing to the marriage ceremony of his daughter.

*Changes in the Administration.*

7. No change worth noticing took place this year in the Administration of the State.

Condition of the people.

8. Most of the people in the Miraj State are agriculturists and consequently their condition mainly depends on the out-turn of the crops. In 1902–03 the rain–fall at Miraj, Lakshmeshwar, and Modnimb was 21·4, 22·62 and 23 inches, while that in the preceding year was 28·71, 21·14 and 25 inches respectively. Though the rain-fall during the year is less than that in the preceding year, still it being timely, was of great use to the crops and so the condition of the crops was better than that of the preceding year. But at the time of gathering harvest excessive rain damaged and spoiled the grain and consequently it did not fetch as much price as was expected. The daily wages of the unskilled and skilled labourers ranged from annas 2 to 3 and from annas 8 to 12 respectively according to the nature of the work. This shows that the condition of this class was good. Owing to plague, trade suffered much and the condition of the trading class was not satisfactory. Relief works were not required to be opened still some of the people from Mole & Kempwad villages of the Miraj Taluka standing in need of work were employed on the ordinary work of repairing roads etc. This year also the plague visited not less than 24 villages in the State. During this epidemic the people suffered more than they did ever before. 4,675 souls fell victim to this dire disease.

## CHAPTER II.

### *Administration of the Land.*

Survey and Settlement.

9. All villages in the State were surveyed and assessed by Government Survey Department in 1867-68. Some villages, namely, Lingnoor, Dahivadi, Wagholi, Kusbavade, Narwad and Kavathe Guland belonging to the Sub-Saranjamdars of the State were surveyed and classified by the Government Survey Department; but they are not as yet assessed. Rople-khurd and Ghatne belonging to the Sub-Saranjamdars are not as yet surveyed. There are no complaints as regards the rates.

Waste Land.

10. The following comparative statement will give particulars as to the arable waste land in the State :—

| Extent of cultivable area for. | | | | Taken up in. | | | | Waste remaining at the end of the year. | | | | Percentage of cultivable land lying waste in. | |

43. The Miraj Municipality continues under the direct supervision of the State.

## CHAPTER IV.

*Production and Distribution.*

Agricultural Stock.

44. Appendix XVI will show the Agricultural stock in the State during the year of report. The Agricultural products of the State are principally Jowari, Bajri, Tur, Tobacco, Cotton Coarse-sugar, Gram, Wheat and Rice in small quantity in the Modnimb Taluka.

Rain-fall.

45. The following table will show the rain-fall of each Taluka during the year as compared with that of the preceding year:—

| Talukas. | 1901-02. | | 1902-03. | |
|---|---|---|---|---|
| | Inches. | Cents. | Inches. | Cents. |
| Miraj ... ... | 28 | 71 | 21 | 43 |
| Lakshmeshwar... ... | 21 | 14 | 22 | 62 |
| Modnimb ... ... | 25 | ... | 23 | ... |

Weather and crops,

46. From the adove it would be seen that the rain—fall was little less in the Miraj and Modnimb Talukas and a little greater in the Lakshmeshwar Taluka during the year than that of the preceding one. At the time of sowing operations of the Khareep crops it was insufficient, and consequently the condition of that crop in the Miraj and Modnimb Talukas was not good. The average yield of that crop was annas 4 in those Talukas, but in the Modnimb Taluka most of the land was left without being swon as there was no rain at all in the beginning. At the time of sowing operations of Rabbi crops rain was sufficient and consequently the crops were in good condition and thriving till November but excessive rain at the time of the harvest damaged the crops considerably. The out-turn of Rabbi crops was annas 8.

47. Work was provided for people that required it from June to October 1902, though no regular relief works were opened. The average number of such persons employed was 225 and their wages ranged from $\frac{3}{4}$ to 2 annas a day.

Wages and Labour.

48. The daily wages of the ordinary skilled and unskilled labourers ranged from annas 8 to 12 and from annas 2 to 3 respectively according to the nature of the work.

Prices of grains.

49. The following is a contrasted table of average prices of food grains :—

Forest.

50. No new land has been assigned for the reserved forest during the year.

Trade and Manufacture.

51. No change worthy of notice took place under this head. The number of factories is 2 as last year—one at Miraj and the other at Lakshmeshwar.

Public Works.

52. The expenditure on the Public Works was Rs. 36,652-14-1 against Rs. 39,707-14-7. The following table shows the expenditure in details :—

Epidemic(Plague.)

63. The plague of this year was of a very virulent type particularly in the towns of Miraj and Lakshmeshwar and in some villages of those Talukas. Two villages of the Modnimb Taluka suffered from plague which was however of a mild type. Measures adopted to prevent the advent and the spread of the disease were similar to those mentioned in the last years report. Most of the people left their houses and went abroad of their own accord. Medical aid was promptly given to those who wished to have it.

64 The following table shows the number of plague cases and deaths during the year:—

69. The expenditure incurred by the State for maintaining this department was Rs. 845-10-11 against Rs. 795-0-9 of the last year.

70. Sanitation of all the towns and villages of the State was properly looked after.

## CHAPTER VII.

### *Instruction.*

Number of Schools and Scholars.

71. There are 39 schools in all; but the number of schools of all descriptions at the close of the year under report was only 23 against 30 of the last year. 16 schools were required to be closed— one at Mole ( a village of the Miraj Taluka ) for want of boys and the rest owing to the outbreak of plague. The attendance at the schools that were open at the close of the year was 1,113 against 1,521 of the preceding year.

72. The following table will show the description of the schools closed, the number of scholars in each on the day they were closed and the daily average attendance during the period they were open:—

74. Besides the schools shown above there were 9 unaided vernacular schools giving instruction to 262 pupils. Thus there were in all 32 schools providing instruc-tion for 1,375 pupils, against 41 schools providing instrtction for 1,873 pupils in the last year. The percentage of pupils to population was, therefore, 1.6 against

2.2 of the last year.

75. The total expenditure on account of education was Rs. 18,242-15-3 against Rs. 18,565-1-8 of the last year.

Expenditure.

*The Miraj High School.*

76. The Head Master of the school examined the school, 75 boys presented themselves for examination and 35 came out successful. The percentage of passed to presented was 49·3. The school sent up 6 candidates for the Matriculation Examination of whom one died and of the remaining 5 that appeared, one passed. The figures of the last year were 7 sent up and 5 passed.

77. Out of the 6 scholarships of this State 4 are for general competition and two for back-ward Classes-one for the Mahomedans and the other for Marathas or other low caste boys. The three Miraj Junior scholarships mentioned in the last year's report have been discontinued since January last.

Scholarships.

78. The number attending the Drawing Classes at the close of the year was 39 against 46 of the last year. Out of 22 boys who appeared for First Grade Art Examination 6 passed under all the heads.

Drawing Classes.

79. The School has a Gymnasium which was in good order and was well availed of by the boys as usual.

Gymnasium.

80. All the schools in the Miraj and Modnimb Talukas excepting those in the villages of Kavthe-piran, Malgaon and Tanang were visited and examined by the Deputy Educational Inspector Miraj. The results were found to be pretty fair inspite of plague.

Vernacular Schools.

## CHAPTER. VIII

*Miscellaneous.*

81 The State records are preserved under the supervision of the Huzur Re-crod-keeper and the Mamlatdars of the Talukas.

Record.

82 There is a printing-press at Miraj kept at State expence. It is generally used for printing official forms and other work required by the several departments of the State.

Printing Press.

83 Every Taluka Station has its own Library supported by the State grant and local subscription. There are also three reading rooms-two in the Miarj Taluka and one in the Lakshmeshwar Taluka.

Library.

84 There are in all 8 Post offices in the State — 4 in the Miraj Taluka, 2 in the Lakshmeshwar Taluka and 2 in the Modnimb Taluka. Of the 4 Post offices in the Miraj Taluka one was newly opened at Kavthe-piran as the experimental Post office on the 1st of April 1903. The Miraj town has a Telegraph office also.

Post and Telegraph Offices.

85 In conclusion I am desired by the Chief to thank you and the Assistant Political Agent S. M. Conntry for the kind advice given in the adminstration of the State.

I have the honour to be,

Sir,

Your most obedient Servant,

G. K. AGASHE.

State Karbhari Miraj.

Through,

THE ASSISTANT POLITICAL AGENT, S. M. COUNTRY.

From

THE STATE KARBHARI of MIRAJ (senior),

To,

THE POLITICAL AGENT,

Kolhapur and S. M. Country.

*Miraj, 5th July 1904.*

Sir,

I have the honour, by direction of the Chief, to submit the Annual Administration Report of the State for the year ending 31st May 1904.

Nos. I to XVII. 2. The usual statements as per margin accompany.

---

## CHAPTER I.

*Political.*

3 The relation between the British Government and the Chief has continued to be cordial as before.

4. This year the Chief was presented with a Delhi coronation medal at a Darbar specially held at Kolhapur for that purpose by the Political Agent Kolha-

-pur & S. M. Country on the 18th July 1903. He also attended the Instalation Darbars held at Jamakhandi and Mudhol on the 4th June 1903 and 25th January 1904 respectively. He had also been to the Darbar held on 15th June 1903 at Sangli at the time of the adoption ceremony of the present minor Chief Shrimant Chintamanrao Appasaheb.

5. The Chief went up to Mahableshwar on the 4th April and returned on the 31st May 1904.

*Changes in the Administration.*

6. No change worth noticing took place this year in the Administration of the State.

Condition of the people.

7. Most of the people in the Miraj State are agriculturists and consequently their condition mainly depends on the out-turn of the crops. In 1903–04 the rain-fall at Miraj, Laksh--meshwar, and Modnimb was respectively 29·86, 22·81& 28·97 inches, while that in the preceding year was 21·43, 22·62 and 23 inches respectively.

The rain-fall in the Miraj Taluka was good and seasonable and consequently it was of great use to the crops in general. During the year the crops of cotton in this Taluka thrived well and it fetched a good market price. The wells in the garden lands having sufficient water, a greater portion of that land was under cultivation. The prices of food grains were considerably lower as compared with those of the last year. In short as far as the yield of the crops and the market rates of food grains etc. are concerned the condition of the people was good in the Miraj Taluka.

The principal product of the Lakshmeshwar Taluka is cotton. But unfortunately the cotton crop in that Taluka suffered from blight in the beginning but by the westerly winds which is beneficial to the cotton crop in this part of the country, the prospects were considerably improved by the end of April. Rain was timely and consequently the Kharip crop was good but rats damaged it and the yield of that crop was not more than annas 8 in one Rupee. Owing to plague, farmers had a great difficulty in obtaining labourers for agricultural purposes. The prices of food grains were low as in the Miraj Taluka and naturally the corn did not fetch the desired price to the farmer class.

The rain-fall in the Modnimb Taluka was greater this year than that in the preced--ing year, still it was not timely and consequently both the Kharip and Rabbi crops suffered much. The yield of the crops was nearly 8 annas. The untimely rain fall, plague in many villages and the low prices of the food stuff did not improve the condition of the Rayats, in the Modnimb Taluka. Not only that but their condition was worse than that of the Rayats in the other two Talukas.

The daily wages of the unskilled and skilled labourers through--out the State ranged from annas 3 to 4 and from annas 10 to 12 respectively according to the nature of the work. This shows that the condition of this class was good. Owing to plague, trade suffered much and the condition of the trading class was not satis-

-factory. As in the preceding 5 or 6 years, people were not relieved of the anxiety caused by plague which carried away about 4,371 persons during the year under Report. On the whole the condition of the people can not be said to be much improved.

## CHAPTER II.

### *Administration of the Land.*

Survey and Settlement.

8. All villages in the State were surveyed and assessed by Government Survey Department in 1867-68. Some villages, namely, Lingnoor, Dahivadi, Wagholi, Kusbavade, Narwad and Kavathe Guland belonging to the Sub-Saranjamdars of the State were surveyed and classified by the Government Survey Department; but they are not as yet assessed. Rople-khurd and Ghatne belonging to the Sub-Saranjamdars are not as yet surveyed. There are no complaints as regards the rates.

Waste Land.

9. The following comparative statement will give particulars as to the arable waste land in the State :—

42. The Miraj Municipality continues under the direct supervision of the State.

## CHAPTER IV.

### *Production and Distribution.*

Agricultural Stock.

43. Appendix XVI will show the Agricultural stock in the State during the year of report. The Agricultural products of the State are principally Jowari, Bajri, Tur, Tobacco, Cotton Coarse-sugar, Gram, Wheat and Rice in small quantity in the Modnimb Taluka.

Rain-fall.

44. The following table will show the rain-fall of each Taluka during the year as compared with that of the preceding year:—

| Talukas. | 1902-03. | | 1903-04. | |
|---|---|---|---|---|
| | Inches. | Cents. | Inches. | Cents. |
| Miraj ... ... | 21 | 43 | 29 | 86 |
| Lakshmeshwar... ... | 22 | 62 | 22 | 81 |
| Modnimb ... ... | 23 | ... | 28 | 97 |

Weather and crops.

45. From the above it would be seen that the rain-fall during the year under Report was greater than that in the preceding year. It was good and seasonable in the Miraj Taluka and consequently it was of great use to the crops in general. The cotton crops in this Taluka was exceptionally good during the year. The average of the Kharip, Rabbi and cotton crops in the Miraj Taluka was 12 annas in one Rupee. In the Lakshmeshwar Taluka the cotton crop suffered from blight in the beginning but by the westerly wind which is beneficial to that crop in this part of the country, the prospects were considerably improved. Rain was timely and consequently the Kharip crop was good but rats damaged it and the yield of that crop was not more than annas 8 in one rupee. The rain in the Modnimb Taluka was not timely and consequently both the Kharip and Rabbi crops suffered much. The yield of the crops was nearly 8 annas in one rupee.

Swarms of locusts began to appear in all the Talukas of the State since the month of April. They generally stopped only for a few hours and passed away. They were not seen to pair or to lay eggs and the damage they did was not consider-

-able. But by this time they have completely disappeared from Miraj State and it is hoped they will not appear again. Measures are how-ever taken in conformity with those in the British territory to destroy them if they do appear at all.

Wages and Labour.

46. The daily wages of the ordinary skilled and unskilled labourers ranged from annas 10 to 12 and from annas 3 to 4 respectively according to the nature of the work.

Epidemic(Plague.)

61. Plague as usual broke out in the rainy season and visted not less than 35 villages in the State. The infection first appeared amongst rats and notwithstanding the measures of evacuation and disinfection adopted by the people in proportion to their means, it began to spread on a wider scale. The people who could be suspected of having come from infected places were put under surveillance for 10 days at the State Dispensary. The measure of segregation was strictly enforced in the case of people coming with plague patients from out side. But inspite of all this it ran its course as usual. Medical aid was promptly given to those who wished to have it.

62 The following table shows the places infected the number of cases and deaths during the year under report:—

## CHAPTER VII.

*Instruction.*

Noumber of Schools and Scholars.

69. There were 38 schools against 39 of the last year. The teacher of the vernacular boys aided school at Savli having died of plague the villagers secured another man in his place. Before continuing the pecuniary aid from the State to this school, the Chief has decided to see the results of this school by the end of the year in order to be able to judge how far this new man is able to manage the school. The grant is therefore with-held for a year and so the school has been struck of the list of aided schools and classed among unaided indigenous schools. The number of schools of all descriptions that were open at the close of the year under report was 19 only against 23 of the last year. The number of schools closed on account of plague at the end of the year was 19. The attendance at the schools that were open at the close of the year was 1017 against 1113 of the preceding year.

70. The following table will show the description of the schools closed, the number of scholars in each on the day they were closed and the daily average attendance during the period they were open:—

| No. | Description of Schools. | The date on which the school was closed. | The period during which it was open. M. D. | Number of pupils on the rolls on. 31st March 1903. | Number of pupils on the rolls on. The day school was closed. | Daily average attendance | Remarks. |

72. Besides the schools shown above there were 6 unaided vernacular schools giving instruction to 220 pupils. Thus there were in all 25 schools providing instruction for 1,237 pupils, against 32 schools providing instruction for 1,375 pupils in the last year. The percentage of pupils to population was, therefore, 1·5 against 1·6 of the last year.

73. The total expenditure on account of education was Rs 18,018-2-2 against Rs. 18,242–15–3 of the last year.

Expenditure.

*The Miraj High School.*

74. At the annual examination of the school 84 boys presented themselves for examination of whom 43 came out successful. The percentage of passed to presented was 51.1.

75 The school sent up 6 candidates for the Matriculation Examination of whom 5 passed. The figures of the last year were 6 sent up and one passed. The school was visited by the Assistant Political Agent S. M. Country during the year.

76. Out of the 6 scholarships of this State 4 are for general competition and two for back-ward Classes—one for the Mahomedans and the other for Marathas or other low caste boys.

Scholarships.

77. The number attending the Drawing Classes at the close of the year was 40 against 39 of the last year. Out of 19 boys who appeared for First Grade Art Examination 7 passed under all the heads.

Drawing Classes.

78. The School has a Gymnasium which was in good order and was well availed of by the boys as usual.

Gymnasium.

79. The Deputy Educational Inspector Miraj examined all the schools in the Miraj Town and Taluka. The results were found to be pretty fair. The schools in the other places were mostly closed on account of plague and so he could not visit those places.

Vernacular Schools.

No. 428 of 1905.

From

THE STATE KARBHARI of MIRAJ ( senior ),

To,

THE POLITICAL AGENT,

Kolhapur and S. M. Country.

*Miraj, 1st July 1905.*

Sir,

I have the honour, by direction of the Chief, to submit the Annual Administration Report of the State for the year ending 31st May 1905.

Nos. I to XVII. 2. The usual statements as per margin accompany.

---

## CHAPTER I.

*Political.*

3 The relation between the British Government and the Chief has continued to be cordial as before.

4. The Chief went up to Mahableshwar on the 22nd April and returned on the 3rd June 1905.

*Changes in the Administration.*

5. No change worth noticing took place this year in the Administration of the State.

Condition of the people.

6. Most of the people in the Miraj State are agriculturists and consequently their condition mainly depends on the out-turn of the crops. In 1904–05 the rain–fall at Miraj, Laksh -meshwar, and Modnimb was respectively 16·33, 16·83& 16·20 inches only, while that in the preceding year it was 29·86, 22·81 and 28·97 inches respectively.

During the year under Report the rain-fall in the Miraj Taluka was much less than that in the preceding year and consequently both the Kharip and Rabbi crops suffered much, the average yield of the crops being 4 annas in one rupee. The con--dition of the crops in the Bagayat lands was not also satisfactory as the wells in those lands had no sufficient water supply. The prices of food grains were high.

Not only that the rain-fall in the Modnimb Taluka was much less than the normal, but it was untimely also and consequently the Kharip crops almost totally failed. The rain was seasonable and good at the time of sowing operations of Rabbi crops and as the consequence the crops thrived well in the beginning but after-wards rain held off for some time and the crops began to wither. In the month of October 1904 rain measuring about 6 inches fell continuously for sometime, but it was not of great use to the withering crops. Thus the crops in the Jirayat lands almost failed. The Jowari crops in the Bagait lands was good, The yield of that crop being 12 annas in one rupee while that of the crops in the Jirayat lands was annas 2 only in one rupee. On the whole the average total yield of all the crops may be estimated at about 6 annas in one rupee.

The rain-fall in the Lakshmeshwar Taluka was also untimely and irregular. The principal product of this Taluka is cotton. During the year the cotton crop suff--ered from blight in the beginning but by the westerly winds which is beneficial to the cotton crop in this part of the country, the prospects were a little improved.

The yield of this crop was annas 4 in one rupee. Owing to the insufficient stock of food–grains prices occasionally rose considerably high and the trade was not flouri-shing.

The daily wages of the unskilled and skilled labourers through–out the State ranged from annas 2 to 4 and from annas 6 to 10 respectively according to the nature of the work. This shows that the condition of the labouring class was not bad. Owing to plague trade suffered much and the condition of the trading class was not

satisfactory. The year under Report was not an exception to the general calamity plague which in the Miraj and Lakshmeshwar Talukas carried away about 1847 victims. On the whole the condition of the people during the year was worst than that of the last year.

## CHAPTER II.

### *Administration of the Land.*

Survey and Settlement.

7. All villages in the State were surveyed and assessed by Government Survey Department in 1867-68. Some villages, namely Lingnoor, Dahivadi, Wagholi, Kusbavade, Narwad and Kavathe Guland belonging to the Sub-Saranjamdars of the State were surveyed and classified by the Government Survey Department; but they are not as yet assessed. Rople-khurd and Ghatne belonging to the Sub-Saranjamdars are neither surveyed nor assessed.

Waste Land.

8. The following comparative statement will give particulars as to the arable waste land in the State :—

*Miraj, 14th July 1906.*

From

THE STATE KARBHARI of MIRAJ ( senior ),

To,

THE POLITICAL AGENT,

Kolhapur and S. M. Country.

Sir,

I have the honour, by direction of the Chief, to submit the Annual Administration Report of the Miraj Senior State for the year ending 31st May 1906.

---

## CHAPTER I.

### General and Political.

2 The State is divided into three Talukas, Miraj, Laxmeshwar and Modnimb, which are situate at a considerable distance from each other. It has an area of 339 square miles and its population is 81,467 according to the census of 1901. The gross revenue of the state is Rs. 2,80,669—15—7 based on the average of past 5 years.

3 The Miraj state pays an annual tribute of Rs. 12,557—13—0 to the

British Government.

4. The Chief Gangadharrao Ganesh Patwardhan, alias Balasaheb, a chitpavan Brahmin by caste, is 41 years of age and has the title of K. C. I. E. conferred on him by the British Government at the time of the Grand Coronation Darbar at Delhi held in 1903.

5. The Chief has got two sons and two daughters. The name of the elder son who is 7 years, is Narayanrao alias Tatyasaheb, and that of the younger one who is 4 years is Hariharrao, alias Dadasaheb. The name of the elder daughter is Bayakkasaheb and she is married to Shrimant Abasaheb, born of the respectable family of Mujumdar of Baroda. The name of the younger daughter is Ambu-taisaheb. She is still unmarried.

6. During the year the Chief visited Bombay at the invitation of Government for the purpose of paying his respects to H. R. Highness the Prince of Wales on his arrival at Bombay on 9th November 1905. As usual he had been to Mahableshwar to pass summer season whence he returned to Miraj on the 1st of June 1906. The Political Agent Kolhapur and S. M. Country visited Miraj in the month of January last,and the Assistant Political Agent paid his visits to Miraj and Lakshmeshwar in the month of December 1905.

Police.

18. The total strength of the Police Force in the State is 234—226 foot Police and 8 Sowars against the same number of the last year. The total expenditure incurred for its maintenance was Rs 20,943—9—2 against Rs 20,231—14—4 of the last year. The Sowars were employed on escorts and other miscellaneous duties.

19. Out of the foot police mentioned above 60 are armed with smooth bore muskets and the rest with batons only. The Sowars are armed with swords and lances.

20. Appendix IV gives particulars as to the total strength, cost & of the police in the State.

21. The ratio of police to population is 348.1 and that to area is 1 to 1.44 square miles.

Village Police.

22. The number of Village Police was 127 against 125 of the last year. The cost was Rs. 2,301-13-5 against Rs. 2,603-7-10 of the last year. They assisted the District Police in the detection and prevention of crime. Some of these work partly on service tenure and are partly remunerated in cash while the remainder wholly in cash.

23. Appendix V will show the working of the Police. The number of offences reported to the Police was 61 against 54 in the last year. Deducting from the figure 61, 10 cases in which no offence was found to have been committed and 12 cases remaining with the Police pending investigation at the end of the year, there remained 39 cases only of actual crimes. The number of persons arrested during the year was 63 against 85 of the last year. Out of them 62 were sent for trial to the Magistrates and one was released by the Police as there was no sufficient evidence against him. Out of the 62 persons thus sent for trial 39 were convicted 17 acquitted or discharged, and 6 remained at the end of the year awaiting trial. The average period an accused person was detained in custody before trial was ·8 of a day.

24. Appendices VI and VII will show the value of the property stolen, and that of the property recovered, the number of crimes committed, the number of cases disposed of &c., during the year.

*Criminal justice.*

25. There is one District Magistrate, 3 first class, 3 second class, and 3 third class Magistrates. The State Karbhari is invested with the duties of the District Magistrate and Sar Nyayadhish, Treasury Officer and Meharban Shripatrao Moreshwar Patwardhan are each of them first class Magistrates. The Mamlatdars and Avalkarkuns are given the powers of second and third class respectively.

26. The details of the work done by the District Magistrate and the three classes of Magistrates will be found in Appendix VIII. 14 persons remained under trial at the close of the year.

27. There were in all 6 cases tried by the Sessions Courts during the year.

Sessions Court.

Out of these 4 cases were tried and disposed of by the Chief himself and 2 by the State Karbhari Miraj, the powers of the Session Judge having been specially delegated to him for the trial of those cases only.

The following table will show the work done by the Sessions Courts.

| Name of the Court. | Remaining at the end of the last year. | | Received during the year. | | Total. | | Disposed of during the year. | | | Remaining at the end of the year. | |
|---|---|---|---|---|---|---|---|---|---|---|---|

28. Appendix IX shows the results of appeals against the decisions passed by the Criminal Courts. Out of the ten appeals filed during the year 8 were confirmed and 2 reversed.

29. There were 22 accidental deaths and 2 suicides during the year as against 29 accidental deaths and 7 suicides of the last year.

Accidental deaths.

*Civil Justice.*

30 This year there are four subordinate Civil Courts in the State as during the last year. The Sar Nyayadish is invested with the powers of a District Judge and the Sub-Judges at Laxmeshwar and Modnimb are empowered to try suits upto the value of Rs. 2,000 and 1,000 respectively. Shrimant Shripatrao Bhausaheb who is a Sub-Saranjamdar of the State is also given Sub-judge's powers within the local limits of his Tainat villages and he is empowered to try suits of the value of Rs. 5,000. The Sar Nyayadhish is also empowered to try summary suits upto the value of Rs. 500.

31. Appendices X. and XI. will give the necessary information as regards the Civil work done by the Courts of the first instance.

32. The following table will show the number and value of landed property and money suits instituted during the year as compared with those of the previous year.

| Name of Court. | Suits for landed property. | | | | Money suits. | | | |

35. Out of the 30 cases disposed of by the Mamlatdars, 5 were reviewed by the Chief. Out of the 5 cases thus reviewed 4 were confirmed and 1 was remanded for retrial.

*Extradition.*

36. One offender against Criminal Law was made over by the State for trial to the British Court while 1 was handed over by the British Government to the State for trial.

Prisons.

37. Besides the Central Jail at Miraj which is in charge of the Medical Officer Miraj, there are two Sub-jails–one at Lakshmeshwar and the other at Modnimb. They are sufficient for the requirements of the State. The details under this head will be found in Appendix XIII.

38. Out of the 71 prisoners, 14 suffered from fever &c. But all of them recovered. The health of the rest was good.

39. 5 prisoners were given the sentence of whipping under Section 34 of the Bombay Act II of 1874 for acting against the jail discipline; the conduct of the rest was good.

Registration.

40. Appendices XIV and XV will give the detailed particulars of the Registration Department. Out of 866 deeds presented, 863 of the value of Rs. 2,30,242-5-1 were duly registered and 3 of the value of Rs. 2,400-14-3 were refused to be registered.

## Municipal Administration.

41. Appendix XVI will show the receipts and expenditure of the five Municipalities in the State. The Miraj Municipality continues under the direct supervision of the State.

## CHAPTER IV.

### *Production and Distribution.*

Weather and crops.

42. Appendix XVII gives the figures of rain-fall for all the Talukas in the State during the year of report as compared with those of the previous year. The rain-fall at Miraj, Laxmeshwar, and Modnimb during the year under Report was respectively 16.82, 14.31 and 8.77 inches while that in the preceding year was 16.33, 16.83 and 16.20 inches respectively.

43. During the year under Report the rain-fall in the Miraj Taluka was nearly the same as last year. Though this is much less than the normal still it would have been more useful had it been seasonable and timely. Both Kharip and Rabbi crops almost failed the average yield of the crops being one anna in one rupee. The condition of the crops in Bagayat lands was not also satisfactory as the wells in those lands had no sufficient water supply. The prices consequently rose very high.

44. The rain-fall in the Laxmeshwar Taluka was less than that in the preceding year and it was also untimely. At the time of sowing operations of sesamum, wheat, jowari, cotton &c. the rain was sufficient and these crops thrived well in the beginning, but afterwards rain held off and consequently the yield of the crops was only 2 annas in 1 rupee.

45. Worst was the state of the Modnimb Taluka. The rain was quite insufficient. The crops in the Jirayat lands totally failed. In Bagayat lands the yield of the crops was annas 2 only.

Wages and labour and prices of food grains.

46. As there was no field work, the class of field labourers was thrown out of employment for some time but as soon as the relief works were opened by the State many people belonging to this class availed themselves of those works. The daily wages of the unskilled and skilled labourers through out the State ranged from annas 2 to 3 and from annas 5 to 8 reepectively according to the nature of the work. Appendix XVIII will show the prices of staple food grains in the State.

Forests.

47. There are no forests belonging to the State.

Trade and Manufactures.

48. There are 2 ginning and pressing mills in the State–one at Miraj and the other at Laxmeshwar. The cotton crop this year was not good and consequently the mills had no sufficient work

this year. The village Malgaon which is about six miles distant from Miraj exports a considerable quantity of beetle nut leaves every year, but the water supply in the wells ran short and consequently the produce was very poor this year. There is no other trade or manufacture worth the name in the State.

## The Miraj Workshop.

48A. In the year 1898, with the object of creating a taste in the minds of the State subjects for technical education, the Chief opened a workshop at Miraj. In the beginning some four or five persons well-versed in the different branches of technical education were imported from out side for giving instructions in the workshop, but now almost all the workers as well as teachers are from Miraj State. The number of outsiders is very small. The effect has been so far gratifying and a number of State subjects will be found at Miraj who have acquired some sort of technical education in the Miraj Workshop. All sorts of furniture of European fashion is turned out and the work of coach building is done to the satisfaction of any order received from customers. Knives and scissors of different specimen are also made. Brass-molding is also done satisfactorily. Appendix A will give a list of articles prepared in the workshop which will give an idea as to what sort of useful work the Miraj workshop is doing.

Carpet making and weaving is also taken up and carpets of various designs are prepared every year.

The monthly expenditure for the maintenance of the workshop is from Rs. 1,000 to 1,200.

Public Works.

49. The expenditure on Public Works was Rs. 39,680-9-0 against Rs. 50,030-5-6 of the last year. Appendix XIX will supply the further details regarding the subject.

Post and Telegraph Offices.

50. There are in all 8 Post offices in the State. Miraj Town has a Telegraph office also.

Mint.

51. There is no mint in the State.

General condition of the State and people.

52. The majority of the State subjects consists of the farmer class. There are no trades or manufactures worth the name in the State. The condition of the subjects of the State therefore greatly depends upon the nature of each year's season. Owing to scarcity of rain for the last 6 or 8 years the condition of the farmers is not good. They can scarcely live from hand to mouth and can not therefore devote their energies or surplus income to the improvement of the soil. The price of the land is also going down owing to the same cause. The prices of fodder also rose to an abnormal extent and a number of cattle died owing to the scarcity of fodder. On the whole, it may be said the general condition of the people is not satisfactory.

53. The birth rate per thousand this year was 23.5 while that for the last

year was 23.2. This shows that there was no perceptible change in the birth rate.

54. The average figures for the death rate however show a satisfactory improvement in favour of the general health of the people. The figures are 19.7 and 43.6 for this year and last year respectively. The fall is chiefly due to the disappearance of plague, which was greatly responsible for the high death rate during the last 5 or 6 years.

Relief Measures.

55. Owing to the failure of crops on account of insufficient rain fall, prices rose very high and consequently relief works were required to be opened. No regular programmes of relief works on any large scale being possible petty works such as repairs of old roads, improvement of State lands &c were opened for giving relief to those who stand in need of them, in the month of January last. In the beginning the number of relief workers was 20 only but it gradually increased and in the last week of the month of May 1906 the number on relief works rose to more than 500 persons. The expenditure incurred on account of relief operations was Rs. 2,044–5–6, out of this amount Rs. 185–2–0 were spent on gratuitous relief.

## CHAPTER V.

*Revenue and Finance.*

56. Appendix XXII compares the receipts and expenditure of the State for the year 1904-05 and 1905-06 with explanations of increase and decrease.

57. The gross revenue of the State for the year under report is Rs. 2,58,418 -0-10 against Rs. 2,77,986-11-6 for the last year. The decrease is principally under the heads of land revenue, Judicial, Stamp etc. and its causes are given in appendix XXII.

58. The following is an account of Local Funds for the year under report.

Local Funds.

59. The State has taken no loans from Government.

## CHAPTER VI.

*Vital Statistics &c.*

Dispensaries.

60. There are three Charitable Dispensaries in the State. The cost was Rs. 12,505-7-6 against Rs. 9,474-14-8 of the last year.

61. The total number of operations performed during the year was 1,660 against 1,237 of the last year.

62. Appendix XXIII will show the amount of medical relief afforded to the sick in all the dispensaries during the year.

63. The Political Agent, Kolhapur & S. M. Country and the Assistant Political Agent S. M. Country visited the Miraj Dispensary respectively on the 12th January 1906 and 6th December 1905 and expressed their satisfaction as regards the arrangement in and the working of the dispensary.

64. Appendix XXIV will show the number of births and deaths during the year as compared with last year's figures. The fall in the death rate may be said to be due to the absence of plague.

Cholera.

65. Cholara broke out in the month of March 1906 in the town of Miraj and Mendhapuri, a village in the Modnimb Taluka. The number of attacks and deaths was 41 & 30 respectively.

Vaccination.

66. The following table shows the work done by the Vaccination Department:—

| Operation, by whom performed. | Number of persons vaccinated in 1904-05. | Number of persons vaccinated in 1905-06. | Result. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1904-05. | 1905-06. | 1904-05 | 1905-06 |
| Miraj Vaccinator ... ... ... ... | 1,623 | 1,405 | 1,611 | 1,402 | 12 | 3 |
| Lakshmeshwar Vaccinator ... ... ... | 644 | 646 | 633 | 631 | 11 | 15 |
| Modnimb Vaccinator ... ... ... ... | 356 | 256 | 347 | 249 | 9 | 7 |
| Total... | 2,623 | 2,307 | 2,591 | 2,282 | 32 | 25 |

67. Besides the total number of primary vaccination shown above, the number of re-vaccination was 65.

68. The expenditure incurred by the State for maintaining thisdepartment was ~~Rs~~ 866- 0 - 3 against ~~Rs~~ 875-14-10 of the last year.

69. Sanitation of all the towns and villages of the State was properly looked after.

---

## CHAPTER VII.

*Instruction.*

70. There were 35 schools during the year under report as against 38 schools of the last year. Three schools viz— the Mahomedan School at Shigli, the Mahomedan Girl School at Lakshmeshwar and the Dhor Girl School at Miraj had to be closed as the number of boys and girls attending those schools had been greatly reduced owing to the ravages of plague in the past years. The attendance at the schools that were open was 2,221 against 1,311 of the last year. Appendix XXV will show that the number of boys and girls attending the schools has increased almost in all schools without exception. This is due to the disappearance of plague. Last year many schools were required to be closed on account of plague and this had a very bad effect upon the general working of the school Department. But this year prospects seem to have considerably improved and if the same state of things continued for some years more, it is hoped that much more improvement will be perceptible in this direction before long.

Number of Schools and Scholars.

71. Besides the schools shown above there were nine unaided vernacular schools giving instruction to 415 pupils. Thus there were in all 44 schools providing instruction for 2636 pupils against 34 schools providing instruction for 1,588 pupils in the last year. The percentage of pupils to population was therefore 3.2 against 1.9 of the last year.

72. The total expenditure on account of education was Rs. 18,553- 9-10 against Rs. 17,237– 4– 3 of the last year.

*The Miraj High School.*

73. At the annual examination of the school 119 boys presented themselves for the examination of whom 48 passed under all the heads. The percentage of passed to presented was 40.3.

74. The school sent up 8 candidates for the Matriculation Examination of whom 3 passed. The figures for the last year were 10 sent up and 7 passed.

75. Out of the 6 scholarships of this State 4 are for general competition and two for back-ward Classes one for the Mahomedans and the other for Marathas or other low caste boys.

Scholarships.

76. The number attending the Drawing Classes was 141 against 112 of the last year. Out of 36 boys who appeared for the first Grade Art Examination 16 passed under all the heads. Only one boy appeared for the Second Grade but he did not come out successful.

Drawing Classes.

77. With a view to give a sort of manual training to boys who may have a liking for the same a class was opened in the High School in the year 1904 in which instructions in carpentry are being given in a systematic and regular way and it is gratifying to observe that some of the boys have taken a liking for that branch and they are reported to have made pretty good progress in planing and chisal work. Of course how far they will succeed in the end can not be said so soon, but it appears certain that those who will not be successful in the mental work will have some sort of manual training when they leave the school which will, in a way, help them in their after life. This is however only a beginning in the direction of manual training and if it is found that it is advantageous to the school going boys, the Chief will be glad to extend its scope and usefulness still further.

Manual Training.

78. The Gymnasium was in good order and was availed of by boys as usual.

79. The Deputy Educational Inspector Miraj examined all the schools in the State and he reports that the results of the schools examined were satisfactory.

---

## CHAPTER VIII.

*Miscellaneous.*

80 The State records are preserved under the supervision of the Huzur Record-keeper and the Mamlatdars of the Talukas.

Record.

81 There is a printing-press at Miraj kept at State expense. It is generally used for printing official forms and other work required by the several departments of the State.

Printing Press.

82 Every Taluka Station has its own Library supported by the State grant and local subscription. There are also three reading rooms two in the Miraj Taluka and one in the Lakshmeshwar Taluka.

Library.

83 In conclusion I am desired by the Chief to thank you and the Assistant Political Agent, S. M. Country for the kind advice given in the administration of the State. The information as regards the Miraj Work-shop is inserted in this Report at the desire expressed by you at the time of your personal interview with the Chief.

I have the honour to be,

Sir,

Your most obedient Servant,

G. K. AGASHE.

FROM.

THE STATE KARBHARI OF MIRAJ ( SENIOR ),

TO,

THE POLITICAL AGENT,

KOLHAPUR AND S. M. COUNTRY.

SIR,

I have the honour, by direction of the Chief, to submit the Annual Administration Report of the Miraj Senior State for the year ending 31st May 1907.

---

## CHAPTER I.

### General and Political.

2. The State is divided into three Talukas, Miraj, Laxmeshwar and Modnimb which are situate at a considerable distance from each other. It has an area of 339' square miles and its population is 81,467 according to the census of 1901. The gross revenue of the State is Rs. 2,83,189—5—8 based on the average of past 5 years.

3. The Miraj State pays an annual tribute of Rs. 12,557—13—0 to the

British Government.

4. The Chief Gangadharrao Ganesh Patwardhan, alias Balasaheb, a chitpavan Brahmin by caste, is 42 years of age and has the title of K. C. I. E. conferred on him by the British Government at the time of the Grand Coronation Darbar at Delhi held in 1903.

5. The Chief has got two sons and two daughters. The name of the elder son who is 8 years, is Narayanrao alias Tatyasaheb, and that of the younger one who is 5 years is Hariharrao, alias Dadasaheb. The name of the elder daughter is Bayakka saheb and she is married to Shrimant Abasaheb, born of the respectable family of Mujumdar of Baroda. The name of the younger daughter is Ambutaisaheb. Her marriage also was celebrated at Bombay on a date before the submission of the report though after the end of the year under report i.e. on the 19th June 1907 with Shrimant Vinayakrao Dhundiraj alias Babasheb Bivalkar of Alibag, first class Sardar.

6. The Chief visited the Modnimb Taluka, during the month of October last for the inspection of the Taluka. As usual the Chief had been to Mahableshwar to pass summer season whence he returned to Miraj on the 2nd of June 1907. The Political Agent Kolhapur and S. M. Country, visited Miraj in the month of January last, and the Assistant Political Agent S. M. Country paid his visits to Miraj and Modnimb in the months of November 1906 and January 1907 respectively.

## CHAPTER II.

*Administration of the Land.*

7. No survey operations were undertaken in the State during the year under report.

Survey and Settlement.

8. All villages in the State were surveyed and assessed by Government Survey Department in 1867-68. Some villages, namely Lingnoor, Dahivadi, Wagholi, Kusbavade, Narwad and Kavathe Guland belonging to the Sub-Saranjamdars of the State were surveyed and classified by the Government Survey Department; but they are not as yet assessed. Rople-khurd and Ghatne belonging to the Sub-Saranjamdars are neither surveyed nor assessed.

Waste Land.

9. The following comparative statement will give particulars as to the arable waste land in the State :—

Boundary Disputes. 12. There were no boundary disputes during the year under report.

13. Out of 131 alienation cases 30 were disposed of during the year under report.

14. The Revenue Accounts of the State have been kept after Hope's and Accountant General's forms.

15. There were no variations in the demand and collections and also in the area under cultivation in the year under report.

16. No remissions and suspensions of land revenue are made.

## CHAPTER III.

*Protection.*

Legislation. 17. Appendix II gives the laws in force in the State. No new Acts were introduced during the year under report.

Military Force. 18. There is no Military Force in the State.

Police. 19. The total strength of the Police Force in the State is 234–226 foot Police and 8 Sowars against the same number of the last year. The total expenditure incurred for its maintenance was Rs 20,704—4—6 against Rs 20,943—9—2 of the last year. The Sowars were employed on escorts and other miscellaneous duties.

20. Out of the foot police mentioned above 60 are armed with smooth bore muskets and the rest with batons only. The Sowars are armed with swords and lances.

21. Appendix IV gives particulars as to the total strength, cost & of the police in the State.

22. The ratio of police to population is 348.1 and that to area is 1 to 1.44 square miles.

Village Police. 23. The number of Village Police was 127 against the same number of the last year. The cost was Rs. 2,261-12-9 against Rs. 2,301-13-5 of the last year. They assisted the District Police in the detection and prevention of crime. Some of these work partly on service tenure and are partly remunerated in cash while the remainder wholly in cash.

24. Appendix V will show the working of the Police. The number of offences reported to the Police was 75 against 61 in the last year. Deducting from the figure 78, 6 cases in which no offence was found to have been committed and 10 cases remaining with the Police pending investigation at the end of the year there remained 62 cases only of actual crimes. The number of persons arrested during the year was 103 against 63 of the last year. Out of them 94 were sent for trial to the Magistrates and 9 were released by the Police as there was no sufficient evidence against them. Out of the 94 persons thus sent for trial 72 were convicted 22 acquitted or discharged. The average period an accused person was detained in custody before trial was ·7 of a day.

25. Appendices VI and VII will show the value of the property stolen, and that of the property recovered, the number of crimes committed, the number of cases disposed of &c. during the year.

*Criminal justice.*

26. There is one District Magistrate, 3 first class, 3 second class, and 3 third class Magistrates. The State Karbhari is invested with the duties of the District Magistrate and Sar Nyayadhish, Treasury Officer and Meharban Shripatrao More shwar Patwardhan are each of them first class Magistrates. The Mamlatdars and Avalkarkuns are given the powers of second and third class respectively.

27. The details of the work done by the District Magistrate and the three classes of Magistrates will be found in Appendix VIII. 4 persons remained under trial at the close of the year.

28. There were in all 2 cases tried by the Sessions Courts during the year.

Sessions Court.

Out of these one case was tried and disposed of by the Chief himself and the other by the State Karbhari Miraj, the powers of the Session Judge having been specially delegated to him for the trial of that case only.

The following table will show the work done by the Sessions Courts.

| Name of the Court. | Remaining at the end of the last year. | | Received during the year. | | Total. | | Disposed of during the year. | | | Remaining at the end of the year. | |

29 Appendix IX shows the results of appeals against the decisions passed by the Criminal Courts. Out of the 7 appeals filed during the year 2 were confirmed 4 reversed and one modified.

30. There were 25 accidental deaths and 2 suicides during the year as against 22 accidental deaths and 2 suicides of the last year.

Accidental deaths.

*Civil Justice.*

31. This year there are four subordinate Civil Courts in the State as during the last year. The Sar Nyayadish is invested with the powers of a District Judge and the Sub-Judges at Laxmeshwar and Modnimb are empowered to try suits upto the value of Rs. 2,000 and 1,000 respectively. Shrimant Shripatrao Bhausaheb who is a Sub-Saranjamdar of the State is also given Sub-judge's powers within the local limits of his Tainat villages and he is empowered to try suits of the value of Rs. 5,000. The Sar Nyayadhish is also empowered to try summary suits upto the value of Rs 500

32. Appendices X. and XI. will give the necessary information as regards the Civil work done by the Courts of the first instance.

33. The following table will show the number and value of landed property and money suits instituted during the year as compared with those of the previous year.

*Extradition.*

36. One offender against Criminal Law was made over by the State for trial to the British Court while there was no demand for any offender from the British Government to the State.

Prisons.

37. Besides the Central Jail at Miraj which is in charge of the Medical Officer Miraj, there are two Sub-jails–one at Lakshmeshwar and the other at Modnimb They are sufficient for the requirements of the State. The details under this head will be found in Appendix XIII.

38. Out of the 117 prisoners, 16 suffered from fever diarrhoea &c. Out of them 14 recovered and 2 died. The health of the rest was good.

39. 3 prisoners were given the sentence of whipping under Section 34 of the Bombay Act II of 1874 for acting against the jail discipline; the conduct of the rest was good.

40. Dnring the year under report 2 convicts under-going the sentence of rigorous imprisonment for the offence of Dacoity escaped from custody. Jahirnama with descriptions of the offenders were issued offering a reward of Rs.50 for arrest ing each of them. Both of them were afterwards caught, tried for the offences of escaping from lawful custody convicted under Section 224 of the Indian Penal Code and sentenced to a rigorous imprisonment of years. The sepoys to whose custody the prisoners were committed were also tried and convicted under Section 223 of the Indian Penal Code.

## Registration.

41. Appendices XIV and XV will give the detailed particulars of the Registration Department.

## Municipal Administration.

42. Appendix XVI will show the receipts and expenditure of the five Municipalities in the State. The Miraj Municipality continued under the direct supervision of the State.

# CHAPTER IV.

## *Production and Distribution.*

Weather and crops.

43. Appendix XVII gives the figures of rain-fall for all the Talukas in the State during the year of report as compared with those of the previous year. Th rain-fall at Miraj, Laxmeshwar, and Modnimb during the year under Report was respectively 20. 68, 16.1 and 23.98 inches while that in the preceding year was 16.82, 14.31 and 8.77 inches respectively.

44. The rain-fall in the Miraj Taluka was greater during the year than that in the preceeding year, still it was less than the average rain-fall of the past 5 years. Besides it was untimely and consequently the crops suffered a great deal. Cotton crops suffered from blight. Looms also damaged the jowary crops to a little extent. The wells in the bagait lands having no sufficient water supply, those lands did not give a satisfactory yield of crops. The average yield of the jowary crops was annas 8 and that of the other crops was annas 2 only in one rupee.

45. The same was the state of things with regard to the rain-fall in the Lakmeshwar Taluka. The average yield of the crops was annas 4 in one rupee.

46. The rain-fall in the Modnimb Taluka was much greater during the year than that in the preceding year and also greater than the average of the past five years. Had it been timely it would have been sufficient for the crops; at the time of sowing operations there was plenty of rain but from October it was very scanty and consequently the yield of the crops was annas 8 in 1 rupee. On the whole the condition of the crops was notsatisfactory.

Wages and labour and prices of food grains.

47. The relief works that were opened last year were continued till the end of July From the begining of August 1906 the relief labourers left the work as they could get sufficient field work. The daily wages of unskilled and skilled labourers throughout the State ranged from annas 2 to 3 and from annas 5 to 8 respectively according to the nature of the work. Appendix XVIII will show the prices of staple food grains in the State.

Forests.

48. There are no forests belonging to the State.

Trade and Manufactures.

49. There are 2 ginning and pressing mills in the State–one at Miraj and the other at Laxmeshwar. The cotton crop in the State this year was not good and consequently the mills had no sufficient work. The village Malgaon which is about six miles distant from Miraj exports a considerable quantity of beetle–nut leaves every year, but the water-supply in the wells ran short and consequently the produce was very poor during the year of report as last year. There is no other trade or manufacture worth the name in the State.

50. The Sangli State railway was opend to the traffic in the month of April 1907, and from the experience of the last few months it appears that it has been very nseful for traffic.

Workshop.

51. The Miraj Workshop has been making the same satisfactory progress as last year. There is no change worth mentioning as regards the out-turn and the expenditure.

Public Works.

52 The expenditure on Public Works was Rs. 47,488-10-6 against Rs. 39,680 -9-0 .of the last year. Appendix XIX will supply the further details regarding the subject.

Post and Telegraph Offices.

53. There are in all 8 Post offices in the State. Miraj Town has a Telegraph office also.

Mint.

54. There is no mint in the State.

General condition of the State and people.

55 The majority of the State subjects consists of the farmer class. There are no trades or manufactures worth the name in the State. The condition of the subjects of the State therefore greatly depends upon the nature of each year's season. Owing to scarcity of rain for the last 6 or 8 years the condition of the farmers is not good. They can carcely live from hand to mouth and can not therefore devote their energies or surplus income to the improvement of the soil. The price of the land is also going down owing to the same cause. As regards the general condition of the people I do not think there is any appreciable change under this head. The rainfall was no doubt greater but it was not timely as said elsewhere and thus the condition of the people remains as it was last year. Owing to the scarcity of fodder the farmer class was often obliged to sell out their living stock the result being that there was much difficulty in getting bullocks for the field work. The prices of staple food grains did not however rise high as last year and this mitigated the miseries of the poor to a considerable extent.

56 The birth rate per thousand this year was 19.5 while that for the last year was 23.5. This shows that there was a decrease in the birth rate, the average figures for the death rate however show an increase which is chiefly due to the out-break of cholera during the year. The figures are 26.4 and 19.7 for this year and last year respectively.

57. As stated before the relief works which were required to be opened last year, were closed at the end of July 1906. The expenditure incurred on account of relief operations during the two months was Rs. 3,036- 3- 3. Out of this amount Rs. 169–15–6 were spent on gratuitous relief.

Relief Measures.

## CHAPTER V.

*Revenue and Finance.*

58. Appendix XXII compares the receipts and expenditure of the State for the year 1905-06 and 1906-07 with explanations of increase and decrease.

59. The gross revenue of the State for the year under report is Rs. 3,26,884 13-7 against Rs. 2,58,418-0-10 for the last year. The increase is principally under the heads of land and Sayar revenue and its causes are given in appendix XXII.

60. The following is an account of Local Funds for the year under report.

## CHAPTER VI.

*Vital Statistics &c.*

62. There are three Charitable Dispensaries in the State. The cost was Rs. 5,731-7-2 against Rs. 12,505-7-6 of the last year.

Dispensaries.

63. The total number of operations performed during the year was 1,928 against 1,660 of the last year.

64. Appendix XXIII will show the amount of medical relief afforded to the sick in all the dispensaries during the year

65. The Political Agent, Kolhapur & S. M. Country visited the Miraj Dispensary on the 8th January 1907 and the Assistant Political Agent S. M. Country visited the Miraj and Modnimb Dispensaries respectively on the 16th November 1906 and 18th January 1907. They expressed their satisfaction as regards the arrangement in and the working of the dispensaries.

66. Appendix XXIV will show the number of births and deaths during the year as compared with last year's figures. The increase in the death rate is due to the out-break of cholera in the Miraj and Modnimb Talukas.

Cholera.

67. Cholera broke out in some of the villages of the Miraj andthe Modnimb Talukas. during the year. The number of attacks and deaths was 775 & 325 respectively.

Vaccination.

68. The following table shows the work done by the Vaccination Department:—

| Operation, by whom performed. | Number of persons vaccinated in 1905-06. | Number of persons vaccinated in 1906-07. | Result. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1905-06. | 1906-07. | 1905-06. | 1906-07. |

| Total... | 2,307 | 2,248 | 2,282 | 2,232 | 25 | 16 |

69. Besides the total number of primary vaccination shown above, the number of re-vaccination was 76.

70. The expenditure incurred by the State for maintaining this department was Rs 894- 4 -11 against Rs 866- 0- 2 of the last year.

71. Sanitation of all the towns and villages of the State was properly looked after.

## CHAPTER VII.

*Instruction.*

Number of Schools and Scholars.

72. There were 35 schools during the year under report as against the same number of the last year. The attendance of the schools was 2,504 against 2221 of the last year. Appendix XXV will show that the number of boys and girls attending the schools has increased

almost in all schools. This is due to the disappearance of plague.

73. Besides the schools shown above there were twelve unaided vernacular schools giving instruction to 445 pupils. Thus there were in all 47 schools providing instruction for 2,949 pupils against 44 schools providing instruction for 2,636 pupils in the last year. The percentage of pupils to population was therefore 3.6 against 3.2 of the last year.

74. The total expenditure on account of education was Rs. 24,748- 8-10 against Rs. 18,553– 9–10 of the last year.

75. Two students, who are subjects of the State have been sent to join the training College at Dharwar at the expence of the State.

*The Miraj High School.*

76. At the annual examination of the school 133 boys presented themselves for the examination of whom 82 passed under all the heads. The percentage of passed to presented was 61.6

77. The school sent up 9 candidates for the Matriculation Examination of whom 7 passed. The figures for the last year were 8 sent up and 3 passed.

Scholarships.

78. Out of the 6 scholarships of this State 4 are for general competition and two for back-ward Classes one for the Mahomedans and the other for Marathas or other low caste boys.

Drawing Classes.

79. The number attending the Drawing Classes was 147 against 142 of the last year. Out of 33 boys who appeared for the first Grade Art Examination 9 passed under all the heads. 11 boys appeared for the Second Grade of whom two passed under all the heads.

Manual Training.

80. The progress of the Manual training imparted to the boys in the High School, is I am glad to observe very encouraging and satisfactory. The class is managed by a teacher in carpentary and is suppervised by the State Overseer. Periodical Examianations are held under his supervison and the result of these examinations show very satisfactory

progress. Of course much remains to be done in this direction, still from the past experience it can be said that the boys, who are backwards in their mental training take special liking for this kind of work & it is believed when such boys leave the school they will derive much advantage by this sort of training which they receive at school. As a sort of stimulus to the boys certain scholarships are awarded to them who pass successfully in the periodical examinations. These scholarships are named as " Ferris scholarships " with the kind permission of Colonel Ferris the Political Agent of Kolhapur and S. M. Country, and the State is much obliged to him for granting such permission. It was first thought that these scholarships should be only two in number but after the experience obtained during tha last year it was thought advicable to split them into parts so as to increase the number of boys' advantage of the same.

81. The Gymnasium was in good order and was availed of by boys as usual.

82 The Deputy Educational Inspector Miraj examined all the schools in the State and he reports that the schools showed far greater effeciency than in any of the past plague years.

---

## CHAPTER VIII.

*Miscellaneous.*

83. The State records are preserved under the supervision of the Huzur Record-keeper and the Mamlatdars of the Talukas.

Record.

84. There is a printing-press at Miraj kept at State expense. It is generally used for printing official forms and other work required by the several departments of the State.

Printing Press.

85. Every Taluka Station has its own Library supported by the State grants and local subscription. There are also three reading rooms two in the Miraj Taluka and one in the Lakshmeshwar Taluka.

Library.

86. In conclusion I am desired by the Chief to thank you and the Assistant Political Agent, S. M. Country for the kind advice given in the administration of the State.

I have the honour to be,

Sir,

Your most obedient Servant,

G. K. AGASHE.

*Miraj, 11th July 1908.*

From,

THE STATE KARBHARI of MIRAJ (senior),

To,

THE POLITICAL AGENT,

Kolhapur and S. M. Country.

Sir,

I have the honour, by direction of the Chief, to submit the Annual Administration Report of the Miraj Senior State for the year ending 31st May 1908.

---

## CHAPTER I.

### General and Political.

2. The State is divided into three Talukas, Miraj, Laxmeshwar and Modnimb which are situate at a considerable distance from each other. It has an area of 339 square miles and its population is 81,467 according to the census of 1901. The gross revenue of the State is Rs. 2,92,770-2-4 based on the average of past 5 years.

3. The Miraj State pays an annual tribute of Rs. 12,557—13—0 to the

British Government.

4. The Chief Gangadharrao Ganesh Patwardhan, alias Balasaheb, a chit-pavan Brahmin by caste, is 43 years of age and has the title of K. C. I. E. conferred on him by the British Government at the time of the Grand Coronation Darbar at Delhi held in 1903.

5. The Chief has got two sons and two daughters. The name of the elder son who is 9 years, is Narayanrao alias Tatyasaheb, and that of the younger one who is 6 years is Hariharrao, alias Dadasaheb. The name of the elder daughter is Bayakka saheb and she is married to Shrimant Abasaheb, born of the respectable family of Mujumdar of Baroda. The name of the younger daughter is Ambutaisaheb and she is married to Shrimant Vinayakrao Dhundiraj alias Babasheb Bivalkar of Alibag, first class Sardar. The thread ceremony of the elder son of the Chief Shrimant Tatysaheb took place on the 12th March 1907.

6. The Chief went up to Modnimb owing to the out break of plague at Miraj during the month of October 1907 and returned to Miraj during the month of February last. As usual he had been to Mahableshwar to pass summer season whence he returned to Miraj on the 1st of June 1908. The Assistant Political Agent Kolhapur and S. M. Country, paid his visit to Miraj during the month of January last.

## CHAPTER II.

### *Administration of the Land.*

7. No survey operations were undertaken in the State during the year under report.

*Extradition.*

36. Five offenders against Criminal Law was made over by the State for trial to the British Courts while one offender was made over for trial by the British Government to the State.

Prisons.

37. Besides the Central Jail at Miraj which is in charge of the Medical Officer Miraj, there are two Sub-jails–one at Lakshmeshwar and the other at Modnimb. They are sufficient for the requirements of the State. The details under this head will be found in Appendix XIII.

38. Out of the 90 prisoners, 8 suffered from fever ague &c. All of them recovered. The health of the rest was good.

39. 2 prisoners were given the sentence of whipping under Section 34 of Bombay Act II of 1874 for acting against the jail discipline, the conduct of the rest was good.

Registration.

40. Appendices XIV and XV will give the detailed particulars of the Registration Department.

Municipal Administration.

41. Appendix XVI will show the receipts and expenditure of the five Municipalities in the State. The Miraj Municipality continued under the direct supervision of the State.

## CHAPTER V.

*Production and Distribution.*

Weather and crops.

42. Appendix XVII gives the figures of rain-fall for all the Talukas in the State during the year of report. It shows that except in Modnimb Taluka the rain-fall was greater than the average rain-fall of past 5 years. But as it was untimely, it was not so useful to the crops. Cotton and Wheat crops suffered a little from blight. The average yield of Cotton, Wheat and Jawari crops was annas 8 and that of the other crops was annas 4 in one rupee.

Wages.

43. The daily wages of unskilled and skilled labourers through out the State ranged from annas 3 to 5 and from annas 6 to 10, respectively according to the nature of the work. Appendix XVIII will show the prices of staple food grains in the State.

Forests.

44. There are no forests belonging to the State.

Trade and Manufactures.

45. There are 2 ginning and pressing mills in the State-one at Miraj and the other at Lakshmeshwar. The village Malgaon which is about six miles distant from Miraj exports a considerable quantity of beetle-nut leaves every year, There is no other trade or manufacture worth the name in the State.

Workshop.

46. The Miraj Workshop has been making the same satisfactory progress as last year. There is no change worth mentioning as regards the out-turn and the expenditure.

Public Works.

47. The expenditure on Public Works was Rs. 46,574-9-11 against Rs. 47,488-10-6 of the last year. Appendix XIX will supply the further details regarding the subject.

Post and Telegraph Offices.

48. There are in all 8 Post offices in the State. Miraj Town has a Telegraph office also.

Mint.

49. There is no mint in the State.

General condition of the State and people.

50. The majority of the State subjects consists of the farmer class. There are no trades or manufactures worth the name in the State. The condition of the subjects of the State therefore greatly depends upon the nature of each year's season. Owing to scarcity of rain for the last 6 or 8 years the condition of the farmers is not good. They can scarcely live from hand to mouth and can not therefore devote their energies or surplus income to the improvement of the soil. The price of the land is also going down owing to the same cause. As regards the general condition of the people I do not think there is any appreciable change under this head. The rainfall was no doubt greater but it was not timely as said elsewhere and thus the condition of the people remains as it was last year. Owing to the scar--city of fodder the farmer class have got no sufficient living stock the result being that there was much difficulty in getting bullocks for the field work. The prices of staple food grains rose high this year. This added to the miseries of the poor to a great extent.

51. The birth rate per thousand this year was 23·1 while that for the last year was 19·5. This shows that there was an increase in the birth rate, the average figures for the death rate also however show an increase which is chiefly due to the out-break of plague during the year. The figures are 34·7 and 26.4 for this year and the last year respectively.

## CHAPTER V.

### *Revenue and Finance.*

52. Appendix XXII compares the receipts and expenditure of the State for the year 1906-07 and 1907-08 with explanations of increase and decrease.

53. The gross revenue of the State for the year under report is Rs. 3,37,859 -5-11 against Rs. 3,26,884-13-7 for the last year. The causes of increase and decrease in the revenue are given in appendix XXII.

54. The following is an account of Local Funds for the year under report

55. The State has taken no loans from Government.

## CHAPTER VI.

*Vital Statistics &c.*

56. There are three Charitable Dispensaries in the State. The cost was Rs 14,773-11-11 against Rs. 5,731-7-2 of the last year.

Dispensaries.

57. The total number of operations performed during the year was 1,642 against 1,928 of the last year.

58. Appendix XXIII will show the amount of medical relief afforded to the sick in all the dispensaries during the year.

59. The Assistant Political Agent, S. M. Country visited the Miraj Dispensary on the 25th January 1908 and he expressed his satisfaction as regards the arrangements, in the working of the dispensaries.

60. Appendix XXIV will show the number of births and deaths during the year as compared with last year's figures. The increase in the death rate is due to the out-break of plague in the Miraj Taluka.

61. Cholera broke out in some of the villages of the Miraj and the Modnimb Talukas during the year. The number of attacks and deaths was 68 & 36 respectively.

Chlera,

Plague. Plague broke out in the month of September 1907 in the Miraj Taluka. Some 13 villages and the Town of Miraj suffered from the disease.

The number of attacks and deaths was 2,012 and 1,372 respectively.

Vaccination.

62. The following table shows the work done by the Vaccination Department:—

| Operation, by whom performed. | Number of persons vaccinated in 1906-07. | Number of persons vaccinated in 1907-08. | Result. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1906-07. | 1907-08. | 1906-07. | 1907-08. |

| Total... | 2,248 | 1,733 | 2,232 | 1,717 | 16 | 16 |

63. Besides the total number of primary vaccination shown above, the number of re-vaccination was 48.

64. The expenditure incurred by the State for maintaining this department was Rs 836- 5-6 against Rs 894-4-11 of the last year.

65. Sanitation of all the towns and villages of the State was properly looked after.

## CHAPTER VII

*Instruction.*

Number oSchools and Schoflars.

66. There were 33 schools during the year under report as against 35 of the last year. The attendance of the schools was 2,034 against 2,504 of the last year. Appendix XXV will show that the number of boys and girls attending the schools has decreased almost in all schools. This is due to the prevailance of plague this year.

67. Besides the schools shown above there were 14 unaided vernacular schools giving instruction to 506 pupils. Thus there were in all 47 schools providing instruction for 2,540 pupils againt the same number of schools poviding instruction for 2,949 pupils in the last year. The percentage of pupils to p >pulation was therefore 3·1 against 3·6 of the last year.

68. The total expenditure on account of education was Rs. 22,259-15-5 against Rs. 24,748-8-10 of the last year.

*The Miraj High School.*

69. At the annual examination of the school 123 boys presented themselves for the examination of whom 65 passed under all the heads. The percentage of passed to presented was 53·6.

70. The school sent up 9 candidates for the Matriculation Examination of whom 4 passed. The figures for the last year were 9 sent up and 7 passed.

Scholarships.

71. Out of the 6 scholarships of this State 4 are for general competition and two for back-ward Classes-one for the Mahomedans and the other for the Marathas or other low caste boys.

Drawing Classes.

72. The number attending the Drawing Classes was 137 against 147 of the last year. Out of 24 boys who appeared for the First Grade Art Examination 8 passed under all the heads. 9 boys appeared for the Second Grade of whom two passed under all the heads.

Manual Training.

73. The progress of the Manual training imparted to the boys in the High School is, I am glad to observe, very encouraging satisfactory. The class is managed by a teacher in carpentary and is supervised by the State Overseer. Periodical Examianations are held under his supervision and the reult of these examination shows very satisfactory progress. Of course much remains to be done in this direction, still fro m the past experience it can be said that the boys who are backwards in their men-tal training take special liking for this kind of work & it is believed when such boys leave the school they will derive much advantage by this sort of training which they receive at school. As a sort of stimulus to the boys certain scholarships are awarded to them who pass successfully in the periodical examinations. These scholarships are named as " Ferris scholarships ".

74. The Gymnasium was in good order and was availed of by boys as usual.

75. Owing to plague the Deputy Educational Inspector Miraj could not examined all the schools in the State but he reports that the few schools he examined were mostly in a fair condition.

## CHAPTER VIII.

*Miscellaneous.*

Record.

76. Te State records are preserved under the supervision of the Huzur Record-keeper and the Mamlatdars of the Talukas.

Printing Press.

77. There is a printing-press at Miraj kept at State expense. It is generally used for printing official forms and other work required by the several departments of the State.

78. Every Taluka Station has its own Library supported by the State grants and local subscription. There are also three reading rooms-two in the Miraj Taluka and one in the Lakshmeshwar Taluka.

Library.

79. In conclusion I am desired by the Chief to thank you and the Assistant Political Agent, S. M. Country for the kind advice given in the administration of the State.

I have the honour to be,

Sir,

Your most obedient Servant,

G. K. AGASHE.

*Extradition.*

36. One offender against Criminal Law was made over by the State for trial to the British Courts while four were surrendered for trial to this State by other Native States.

Prisons.

37. Besides the Central Jail at Miraj which is in charge of the Medical Officer Miraj, there are two sub-jails--one at Lakshmeshwar and the other at Modnimb. They are sufficient for the requirements of the State. The details under this head will be found in Appendix XIII.

38. Out of the 75 prisoners, 7 suffered from fever, ague &c. All of them recovered. The health of the rest was good. One prisoner committed suicide by drowning himself in a well near the jail.

39. One prisoner was given the sentence of whipping under Section 34 of Bombay Act II of 1874 for acting against the jail discipline, the conduct of the rest was good.

Registration.

40. Appendices XIV and XV will give the detailed particulars of the Registration Department.

Municipal Administration.

41. Appendix XVI will show the receipts and expenditure of the five Municipalities in the State. The Miraj Municipality continued under the direct supervision of the State.

## CHAPTER IV.

*Production and Distribution.*

Weather and crops.

42. Appendix XVII gives the figures of rain-fall for all the Talukas in the State during the year of report. It shows that except in Laxmeshwar Taluka the rain-fall was greater than the average rain-fall of past 5 years. But as it was untimely, it was not so useful to the crops of Cotton, Jowary and Wheat. The avetage yield of Cotton, Wheat and Jowary crops was annas 8 and that of the other crops was annas 4 in one rupee.

Wages. 43. The daily wages of unskilled and skilled labourers through out the State ranged from annas 4 to 5 and from annas 6 to 10, respectively according to the nature of the work. Appendix XVIII will show the prices of staple food-grains in the State.

Forests. 44. There are no forests belonging to the State.

Trade and Manufactures 45. There are 2 ginning and pressing mills in the State–one at Miraj and the other at Lakshmeshwar. The village Malgaon which is about six miles distant from Miraj exports a considerable quantity of beetle–nut leaves. There is no other trade or manufacture worth the name in the State.

Worksh op. 46. The Miraj Workshop has been making the same satisfactory progress as last year. There is no change worth mentioning as regards the out-turn and the expenditure.

Public Works. 47. The expenditure on Public Works was Rs. 51,890-11-10 against Rs. 46,574-9-11 of the last year. Appendix XIX will supply the further details regarding the subject.

Post and Telegraph Offices. 48. There are in all 8 Post offices in the State. Miraj Town has a Telegraph office also.

Mint. 49. There is no mint in the State.

Gen eral condition of the State and people. 50. The majority of the State subjects consists of the farmer class. There are no trades or manufactures worth the name in the State. The condition of the subjects of the State therefore greatly depends upon the nature of each year's season. Owing to scarcity of rain for the last 6 or 8 years the condition of the farmers is not good. They can scarcely live from hand to mouth and can not therefore devote their energies or surplus income to the improvement of the soil. As regards the general condition of the people I do not think there is any appreciable change under this head. The rain-fall was not timely as said elsewhere and thus the condition of the people remains as it was last year. Owing to the scarcity of fodder the farmer class have got no sufficient living stock the result being that there was much difficulty in getting bullocks for the field work. The prices of staple food--grains rose high this year. This added to the miseries of the poor to a great extent.

51. The birth rate per thousand this year was 25·5 while that for the last year was 23·1. This shows that there was an increase in the birth rate. Death per thousand was 17·1 against 34·7 of the last year.

## CHAPTER V.

*Revenue and Finance.*

52. Appendix XXII compares the receipts and expenditure of the State for the year 1907-08, and 1908-09 with explanations of increase and decrease.

53. The gross revenue of the State for the year under report is Rs. 2,89,095 -10-4, against Rs. 3,37,859-5-11 for the last year. The causes of increase and decrease in the revenue are given in the appendix XXII.

54. The following is an account of Local Funds for the year under report.

55. The State has taken no loans from Government.

## CHAPTER VI.

*Vital Statistics &c.*

56. There are three Charitable Dispensaries in the State. The cost was Rs 6,116-2-6 against Rs. 14,773-11-11 of the last year.

Dispensaries.

57. The total number of operations performed during the year was 1,313 against 1,642 of the last year.

58. Appendix XXIII will show the amount of medical relief afforded to the sick in all the dispensaries during the year.

59. The Assistant Political Agent, S. M. Country visited the Miraj Dispensary on the 4th February 1909 and he expressed his satisfaction as regards the arrangements, in the working of the dispensaries.

60. Appendix XXIV will show the number of births and deaths during the year as compared with last year's figures.

61. Cholera broke out in the town of Miraj during the year. The number of attacks and deaths was 39 & 20 respectively.

Chlera.

Plague.

Plague broke out in the month of December 1908 in the Miraj Taluka. Some 6 villages and the Town of Miraj suffered from the disease.

The number of attacks and deaths was 210 and 140 respectively.

Vaccination.

62. The following table shows the work done by the Vaccination Department:—

| Operation, by whom performed. | Number of persons vaccinated in 1907-08. | Number of persons vaccinated in 1908-09. | Result. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1907-08. | 1908-09. | 1907-08. | 1908-09. |

| Total... | 1,733 | 2,266 | 1,717 | 2,236 | 16 | 30 |

63. Besides the total number of primary vaccination shown above, the number of re-vaccination was 35.

64. The expenditure incurred by the State for maintaining this department was ~~Rs~~ 1,028-10-2 against ~~Rs~~ 836-5-6 of the last year.

65. Sanitation of all the towns and villages of the State was properly looked after.

## CHAPTER VII.

*Instruction.*

Number of Schools and Scholars.

66. There were 33 schools during the year under report as against the same number of the last year. The attendance of the schools was 2,308 against 2,034 of the last year. Appendix XXV will show in details the particulars regarding the management of the schools.

67. Besides the schools shown above there were 15 unaided vernacular schools giving instruction to 442 pupils. Thus there were in all 48 schools providing instruction for 2,750 pupils againt 47 schools poviding instruction for 2,540 pupils in the last year. The percentage of pupils to population was therefore 3·3 against 3·1 of the last year.

68. The total expenditure on account of education was ~~Rs~~. 21,426-4-6 against Rs. 22,259-15-5 of the last year.

*The Miraj High–School.*

69. At the annual examination of the school 157 boys presented themselves for the examination of whom 84 passed under all the heads. The percentage of passed to presented was 53·5.

70. The school sent up 8 candidates for the Matriculation Examination of whom 2 passed. The figures for the last year were 9 sent up and 4 passed.

Scholarships.

71. Out of the 6 scholarships of this State 4 are for general competition and two for back-ward Classes-one for the Mahomedans and the other for the Marathas or other low caste boys.

Drawing Classes.

72. The number attending the Drawing Classes was 171 against 137 of the last year. Out of 16 boys who appeared for the First Grade Art Examination 4 passed under all the heads. 3 boys appeared for the second Grade of whom one passed under all the heads.

Manual Training.

73. The progress of the Manual training imparted to the boys in the High-School is, I am glad to observe, very encouraging & satisfactory. The class is managed by a teacher in carpentary and is supervised by the State Overseer. Periodical Examinations are held under supervision and the result of these examinations shows very satis-factory progress. Of course much remains to be done in this direction, still from the past experience it can be said that the boys who are backwards in their men-tal training take special liking for this kind of work &c it is believed when such boys leave the school they will derive much advantage by this sort of training which they receive at school. As a sort of stimulus to the boys certain scholarships are awarded to them who pass successfully in the periodical examinations. These scholarships are named as " Ferris scholarships. "

74. The Gymnasium was in good order and was availed of by boys as usual.

75. The Deputy Educational Inspector Miraj examined all the schools in the State and he reports that the results of the schools in the Miraj and Laxmeshwar Talukas were very satisfactory but the Modnimb Taluka schools did not show good results on the whole.

## CHAPTER VIII.

*Miscellaneous.*

Record.

76. Te State records are preserved under the supervision of the Huzur Record-keeper and the Mamlatdars of the Talukas.

Printing Press.

77. There is a printing-press at Miraj kept at State expense. It is generally used for printing official forms and other work required by the several departments of the State.

78. Every Taluka Station has its own Library supported by the State grants and local subscription. There are also three reading rooms–two in the Miraj Taluka and one in the Lakshmeshwar Taluka.

Library.

79. In conclusion I am desired by the Chief to thank you and the Assistant Political Agent, S. M. Country, for the kind advice given in the administration of the State.

I have the honour to be,

Sir,

Your most obedient Servant,

G. K. AGASHE.

No. 432 of 1910.

State Karbhari's office.

*Miraj, 10th July 1910.*

From,

THE STATE KARBHARI MIRAJ (senior),

To,

THE POLITICAL AGENT,

Kolhapur and S. M. Country.

Sir,

I have the honour, under instruction from the Chief, to submit the Annual Administration Report of the Miraj Senior State for the year ending 31st May 1910.

---

## CHAPTER I.

### General and Political.

2. The State is divided into three Talukas, Miraj, Laxmeshwar and Modnimb, which are situate at a considerable distance from each other. It has an area of 339 square miles and its population is 81,467 according to the census of 1901. The gross revenue of the State is Rs. 2,98,049-0-8 based on the average of past 5 years.

3. The Miraj State pays an annual tribute of Rs. 12,557—13—0 to the

British Government.

4. The Chief Sir Gangadharrao Ganesh Patwardhan, alias Balasaheb, a Chit-pavan Brahmin by caste, is 45 years of age and has the title of K. C. I. E. con-ferred on him by the British Government at the time of the Grand Coronation Darbar at Delhi held in 1903.

5. The Chief has got two sons and two daughters. The name of the elder son who is 11 years, is Narayanrao alias Tatyasaheb, and that of the younger one who is 8 years is Hariharrao, alias Dadasaheb. The name of the elder daughter is Bayakkasaheb, and she is married to Shrimant Abasaheb, born of the respect-able family of Mujumdar of Baroda. The name of the younger daughter is Ambutaisaheb, and she is married to Shrimant Vinayakrao Dhundiraj alias Babasaheb Bivalkar of Alibag, First Class Sardar.

6. The Chief went to Modnimb owing to the out-break of plague at Miraj during the month of November 1909 and returned to Miraj during the month of March 1910. As usual he had been to Mahableshwar to pass the summer season whence he returned to Miraj on the 1st of June 1910. The Assistant Political Agent S. M. Country, also paid his visit to Modnimb Taluka during the month of November 1909. The Political Agent Kolhapur and S. M. Country also paid his vist to Miraj during the month of December 1909.

## CHAPTER II.

### *Administration of the Land.*

7. No survey operations were undertaken in the State during the year under report.

Survey and Settlement

8. All villages in the State were surveyed and assessed by Government Survey Department in 1867-68. Some villages, namely Lingnoor, Dahivadi, Wagholi, Kusbavade, Narwad and Kavathe Guland belonging to the Sub-Saranjamdars of the State were surveyed and classified by the Government Survey Department; but they are not as yet assessed. Rople-khurd and Ghatne belonging to the Sub-Saranjamdars are neither surveyed nor assessed.

Waste Land.

9. The following comparative statement will give particulars as to the arable waste land in the State :—

Boundary Disputes.

12 There were no boundary disputes during the year under report.

13. Out of 139 alienation cases 53 were disposed of during the year under report.

14. The Revenue Accounts of the State have been kept after Hope's and Accountant General's forms.

15. There were no variations in the demand and collections and also in the area under cultivation in the year under report.

16. No remissions and suspensions of land revenue are made.

## CHAPTER. III.

*Protection.*

Legislation.

17. Appendix II gives the laws in force in the State. The Explosive Act VI of 1908 was introduced in the state during the year under the advice of the Political Agent Kolhapur and S. M. Country.

Military Force.

18. There is no Military Force in the State.

Police.

19. The total strength of the Police Force in the State is 234–226 foot Police and 8 Sowars against the same number of the last year. The total expenditure incurred for its maintenance was Rs. 20,033- 2- 8 against Rs 22,062- 5-2 of the last year. The Sowars were employed on escorts and other miscellaneous duties.

20. Out of the foot police mentioned above 60 are armed with smooth bore muskets and the rest with batons only. The sowars are armed with swords and lances.

21. Appendix IV gives particulars as to the total strength, cost &c of the police in the State.

22. The ratio of police to population is 1 to 348.1 and that to area is 1 to 1·44 square miles.

Village Police.

23. The number of Village Police was 127 against the same number of the last year. The cost was Rs. 2,516-13- 5 against Rs. 2,310- 8- 7 of the last year. They assisted the District Police in the detection and prevention of crime. Some of these work partly on service tenure and are partly remunerated in cash while the remainder wholly in cash.

24. Appendix V will show the working of the Police. The number of offences reported to the Police was 43 against 55 in the last year. Deducting from the figure namely 43, 5 cases that were struck off by the Police for want of evidence and seven cases remaining with them pending investigation at the end of the year, there remained 31 cases only of actual crimes, which were sent up for trial. The number of persons arrested in connection with these cognizable cases during the year was 52 against 79 of the last year. These 52 were placed by the Police before the Magistrate. Out of them 32 were convicted and 20 acquitted or discharged. The average period an accused person was detained in custody before trial was ·6 of a day.

25. Appendix VI shows the value of the propety stolen and recoverd, while Appendix VII shows the number of crimes committed, & the number of cases disposed of during the year.

*Criminal justice.*

26. There is one District Magistrate, three first class, three second class, and four third class Magistrates. The State Karbhari is invested with the duties of the District Magistrate, and the Sar Nyayadhish, the Treasury Officer and Meherban Shripatrao Moreshvar Patwardhan are each of them first class Magistrates. The Mamlatdars and Avalkarkuns are given the powers of second and third class respectively. Meherban Yashawantrao Tatyasaheb of Kawatheguland is also invested with the powers of a third class Magistrate.

27. The details of the work done by the District Magistrate and the three classes of Magistrates will be found in Appendix VIII. 13 persons remained at the end of the year awaiting trial.

28. There were altogether 5 sessions cases this year. One was tried by the Chief himself, three were sent to the State Karbhari and one to the Sar Nyayadish Miraj for trial, the powers of the sessions Judge being specially delegated to them for that purpose.

Sessions Court.

The followiug table will show the work of the Sessions Court.

29. Appendix IX shows the results of appeals against the decisions passed by the Criminal Courts.

30. There were 28 accidental deaths during the year as against 46 of the last year.

Accidental deaths.

*Civil Justice.*

31. This year there are four subordinate Civil Courts in the State as during the last year. The Sar Nyayadish is invested with the powers of a District Judge and the Sub-Judges at Laxmeshwar and Modnimb are empowered to try suits upto the value of Rs. 2,000 and 1,000 respectively. Meherban Shripatrao Moreshwar Patwardhan is also given Sub-Judge's powers within the local limits of his Tainat Villages and he is empowered to try suits of the value of Rs. 5,000. The Sar Nyayadhish is also empowered to try summary suits upto the value of Rs 500.

32. Appendices X and XI show the work done by the four Civil Courts in details.

33. The following table will show the number and value of landed property and money suits instituted during the year as compared with those of the previous year.

*Extradition.*

36. One offender against Criminal Law was made over for trial to this State by the British Government.

Prisons.

37. Besides the Central Jail at Miraj which is in charge of the Medical Officer Miraj, there are two sub-jails--one at Lakshmeshwar and the other at Modnimb. They are sufficient for the requirements of the State. The details under this head will be found in Appendix XIII.

38. Out of the 73 prisoners, 7 suffered from fever, ague &c. All of them recovered. The health of the rest is good.

39. Two prisoners were given the sentence of whipping under Section 34 of the Bombay Act II of 1874 for acting against the jail disclpline. Four prisoners escaped from custody and ran amock. They were immediately pursued by the Police Swars and warders and other people and aftewards caught. The prisoners were throwing stones at the pursuers and hence the assistance of armed Swars was called in. A large uumber of men had crowded together and in the struggle that ensued one of the prisoners got serious wounds and soon after he was brought in to the jail, he died. The three remaining were tried and convicted under Sec 224 of I. P. C. The conduct of the rest was good.

Registration.

40. Appendices XIV and XV will give detailed particulars of the Registration Department.

Municipal Administration.

41. Appendix XVI will show the receipts and expenditure of the five Municipalities in the State. The Miraj Municipality continued under the direct supervision of the State.

## CHAPTER IV.

*Production and Distribution.*

42. Appendix XVII gives the figures of rain-fall for all the Talukas in the State during the year under report. The average yield of

Weather and crops. crops were annas 8. The later rains were not sufficient and hence the crops suffered.

43. Wages. The daily wages of unskilled and skilled labourers throughout the State ranged from annas 4 to 5 and from annas 6 to 10 respectively according to the nature of the work. Appendix XVIII will show the prices of staple food-grains in the State.

44. Forests. There are no forests belonging to the State.

45. There are 2 ginning and pressing mills in the State–one at Miraj and the other at Lakshmeshwar. The village Malgaon which is about six miles distant from Miraj exports a considerable quantity of beetle–nut leaves. There is no other trade or manufacture worth the name in the State.

Trade and Manufactures.

46 The Miraj Workshop has been making the same satisfactory progress as last year. There is no change worth mentioning as regards the out-turn and the expenditure.

Workshop.

47. The expenditure on Public Works was Rs. 62,814- 6- 2 against Rs. 51,890-11-10 of the last year. Appendix XIX will supply the further details regarding the subject.

Public Works.

48. There are in all 8 Post offices in the State. Miraj Town has a Telegraph office also.

Post and Telegraph Offices.

Mint. 49. There is no mint in the State.

50. The majority of the State subjects consists of the farmer class. There are no trades or manufactures worth the name in the State. The condition of the subjects of the State therefore greatly depends upon the nature of each year's season. Owing to scarcity of rain for the last 6 or 8 years the condition of the farmers is not good. They can scarcely live from hand to mouth and can not therefore devote their energies or surplus income to the improvement of the soil. As regards the general condition of the people I do not think there is any appreciable change under this head. The rain–fall not being sufficient & timely the condition of the people remains as it was last year. Owing to the scarcity of fodder the farmer class have got no sufficient living stock, the result being that there was much difficulty in getting bullocks for the field work. The prices of staple food–grains rose high this year. This added to the miseries of the poor to a great extent.

General condition of the State and people.

51. The birth rate per thousand this year was 23·2 while that for the last year was 25·5. This shows that there was a decrease in the birth rate. Death per thousand rated 21·3 against 17·1 of the last year.

## CHAPTER V.

*Revenue and Finance.*

52. Appendix XXII compares the receipts and expenditure of the State for the year 1908-09, and 1909-10.

53. The gross revenue of the State for the year under report is Rs. 3,10,828 –8–5 against Rs. 2,89,095-10- 4 for the last year.

54. The following is an account of Local Funds for the year under report.

55 The State has taken no loans from Government.

## CHAPTER VI.

*Vital Statistics &c.*

56 There are three Charitable Dispensaries in the State. The cost was Rs 10,985-9-7 against Rs.6,116-2-6 of the last year.

Dispensaries.

57. The total number of operations performed during the year was 1,471 against 1,313 of the last year.

58. Appendix XXIII will show the amount of medical relief afforded to the sick during the year in all the dispensaries.

59. The Political Agent Kolhapur & S. M. Country visited the Miraj Dispensary on the 18th December 1909, and expressed his satisfaction as regards the arrangements, and the working of the dispensaries.

60. Appendix XXIV will show the number of births and deaths during the year as compared with last year's figures.

61. Plague continued in the Miraj Taluka and some five villages and the the Town of Miraj suffered from the disease. The number of attacks and deaths was 727 and 464 respectively.

Plague.

62. Vaccination. The following table shows the work done by the Vaccination Department:—

| Operation by whom performed. | Number of persons vaccinated in 1908-09. | Number of persons vaccinated in 1909-10. | Result. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1908-09. | 1909-10. | 1908-09. | 1909-10. |
| Miraj Vaccinator ... ... ... ... | 1,492 | 1,493 | 1,471 | 1,488 | 21 | 5 |

| Modnimb Vaccinator ... ... ... ... | 300 | 311 | 299 | 307 | 1 | 4 |
| Total... | 2,266 | 2,485 | 2,236 | 2464 | 30 | 21 |

63. Besides the total number of primary vaccination shown above, the number of re-vaccination was 42.

64. The expenditure incurred by the State for maintaining this department was ~~Rs~~ 856-4-6 against ~~Rs~~ 1028-10-2 of the last year.

65. Sanitation of all the towns and villages of the State was properly looked after.

## CHAPTER VII.

*Instruction.*

66. Number of Schools and Scholars. There were 35 schools during the year under report as against 33 of the last year. The attendance of these schools was 2,287 against 2,308 of the last year. Appendix XV will show in details the particulars regarding the management of the schools.

67. Besides the schools shown above there were 15 unaided vernacular schools giving instruction to 437 pupils. Thus there were in all 50 schools providing instruction for 2,724 pupils again t48 schools providing instruction for 2,750 pupils in the last year. The percentage of pupils to population was therefore 3·2 against 3·3 of the last year.

68. The total expenditure on account of education was ~~Rs~~. 20,921-13-9 against Rs. 21,426-4-6 of the last year.

*The Miraj High-School.*

69. At the annual examination of the school 184 boys presented themselves for the examination of whom 110 passed under all the heads. The percentage of passed to presented was 59·7.

70. The school sent up 12 candidates for the Matriculation Examination of whom 6 passed. The figures for the last year were 8 sent up and 2 passed.

Scholarships.

71. Out of the 6 scholarships of this State 4 are for general competition and two for back-ward Classes—one for Mahomedans and the other for Marathas or other low caste boys.

Drawing Classes.

72. The number attending the Drawing Classes was 133 against 171 of the last year. Out of 16 boys who appeared for the First Grade Art Examination 7 passed under all the heads, one boy appeared for the Second Grade and passed under all the heads.

Manual Training.

73. The progress of the Manual training imparted to the boys in the High-School is, I am glad to observe, very encouragining & satisfactory. The class is managed by a teacher in carpentary and is supervised by the State Overseer. Periodical Examinations are held under his supervision and the result of these examinations shows very satisfactory progress. Of course much remains to be done in this direction, still from the past experience it can be said that the boys who are backward in their men-tal training take special liking for this kind of work &c, it is believed when such boys leave the school they will derive much advantage by this sort of training. As a sort of stimulus to the boys certain scholarships are awarded to them who pass successfully in the periodical examinations. These scholarships are named as " Ferris "scholarships.

74. The Gymnasium was in good order and was availed of by boys as usual.

75 The Deputy Educational Inspector Miraj examined all the schools in the State and he reports that the results of the schools in the Miraj and Laxmeshwar Talukas were very satisfactory but the Modnimb Taluka schools on an average did not show good results. The results of all the schools in the State taken together show a good percentage on the whole.

## CHAPTER VIII

*Miscellaneous.*

Record.

76 The State records are preserved under the supervision of the Huzur Record-keeper and the Mamlatdars of the Talukas.

Printing Press.

77. There is a printing-press at Miraj kept at State expense. It is generally used for printing official forms and other work required by the several departments of the State.

78. Every Taluka Station has its own Library supported by the State grants and local subscription. There are also three reading rooms–two in the Miraj Taluka and one in the Lakshmeshwar Taluka.

Library.

79. In conclusion I am desired by the Chief to thank you and the Assistant Political Agent. S. M. Country. for the kind advice given in the administration of the State.

I have the honour to be,

Sir,

Your most obedient Servant,

D. P. PRANI.
